SUBJECT: PUBLIC REVIEW PERIOD EXTENSION – CIRCULATION OF PROPOSED ADDENDUM PREPARED BY SA RECYCLING FOR THE PROPOSED SA RECYCLING LEASE EXTENSION, PORT OF LOS ANGELES

SA Recycling has prepared an Addendum to the Port of Los Angeles (Port) 1996 certified Hugo Neu-Proler Lease Renewal EIR (Certified EIR), State Clearinghouse No. 93071074, for a proposed five-year extension to their current lease. There are no proposed changes to SA Recycling's current operation. SA Recycling has shared this Draft Addendum with the City of Los Angeles Harbor Department (Harbor Department) in the hopes that Harbor Department staff will present this item to the Los Angeles Board of Harbor Commissioners (Board) for consideration. While not required for the purposes of the California Environmental Quality Act, the Harbor Department has decided to circulate this document to selected interested parties for a period of 30 days for public review and comment prior to bringing to our Board for consideration. The document is available for public review on the Port's website at: www.portoflosangeles.org/environment/environmental-documents.

Originally, the public review period was scheduled to end on September 12, 2021. The Harbor Department has extended the public review period for 30 days, to now end on **October 12, 2021**.

Comments on the IS/MND should be submitted in writing prior to the end of the public review period extension and must be postmarked by **October 12, 2021**. Please submit written comments to:

Christopher Cannon, Director
City of Los Angeles Harbor Department
Environmental Management Division
