| <p>Soil and/or Groundwater:</p> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px;"> <p><i>(Note: A National Pollution Discharge Elimination System (NPDES) permit from the Regional Water Quality Control Board is required for any wastewater discharge to a storm drain or surface water and an Industrial Waste Discharge Permit from the Bureau of Sanitation is required for any discharge to the sewer system.)</i></p> </div> <p>Permits for water/wastewater discharge have been obtained. <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p style="margin-left: 40px;">Permit No. <input style="width: 150px;" type="text"/></p> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px;"> <p>The proposed project will involve disturbance to the ground or pavement at the project site (i.e. ANY excavation, potholing, grading, dredging, boring, etc.): <input type="checkbox"/> Yes <input type="checkbox"/> No</p> </div> <p>Note: Projects involving ground invasive activity at the project site may be subject to environmental permit conditions. Certain activities, i.e. dredging, may involve additional regulatory constraints and generally require additional processing time.</p> <p>Type:</p> <p><input type="checkbox"/> Grading <input type="checkbox"/> Landscaping <input type="checkbox"/> Excavating <input type="checkbox"/> Paving <input type="checkbox"/> Compacting <input type="checkbox"/> Boring <input type="checkbox"/> Other</p> <p style="margin-left: 40px;">Dimensions: <input style="width: 150px;" type="text"/></p> <p style="margin-left: 40px;">Amount: <input style="width: 150px;" type="text"/></p> | <p>Hazardous Materials and Waste Disclosure:</p> <p><i>Note: Hazardous materials include substances that are flammable, toxic, corrosive, or reactive and can also be described as having shown, through experience or testing, to pose a hazard or threat to the public health due to its carcinogenicity, acute or chronic toxicity, bio-accumulative properties, or persistence in the environment.</i></p> <p><i>According to State Law, hazardous waste has been defined as "waste or combination of waste which because of its quantity, concentration, or physical, chemical, or infectious characteristics may either: (1) cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or (2) pose a substantial potential hazard to human health or environment when improperly treated, stored, transported, or disposed of or otherwise managed."</i></p> <p><i>Federal hazardous wastes are defined in Title 40, Code of Federal Regulations (40 CFR) and California State hazardous wastes are defined in Title 22, California Code of Regulations (22 CFR). It is the responsibility of the generator of a hazardous waste to properly identify and handle the waste.</i></p> <p>The proposed event will involve the use, manufacture, treatment, production, storage or disposal of:</p> <p style="margin-left: 40px;">Hazardous/Flammable Material/Other Chemicals <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p style="margin-left: 100px;">Hazardous Waste <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p><small>*If yes, please attach a list of chemicals including the quantity and frequency used. *If transporting, please attach a route map. *Please attach Emergency Response Plan, Safety Plan, and Closure Plan if applicable.</small></p> |
|---|---|

Submittal Checklist:

- Site Map - An aerial view of the project location with event boundaries clearly identified.
 - Site Plan - A computer generated plan of the event showing all event components. Ex: Stages, bleachers, chairs, parking, vendors, etc.
 - Detailed Project Description - *Please see the explanation above.*
 - Fencing Specs - Specs are usually provided by the fencing company and must be submitted at the time of filing.
 - Tent Specs - Required for anything larger than a 10' x 10' tent.
 - National Pollution Discharge Elimination System Permit or Industrial Waste Discharge Permit
 - Hazardous/Flammable Chemical List - Including quantity and frequency used.
 - Chemical Route Map for transporting hazardous/flammable chemicals.
 - Emergency Response - Indicate emergency access points and lanes, first aid areas, locations of ambulances, etc. throughout the venue.
 - Closure Plan - Plans prepared by a traffic engineer describing the traffic and street closure plan.
- *Additional items may be requested throughout the permitting process.

Certification

I hereby certify that the statements furnished herein and in any attached exhibits present the data and information required for this initial evaluation to the best of my ability, and that the facts, statements, and information presented are true and correct to the best of my knowledge and belief.

FORM MUST BE SIGNED BY THE APPLICANT OR APPLICANT'S AUTHORIZED OFFICE/REPRESENTATIVE
