

SECTION TWELVE – Continued WATER AND ELECTRICITY – Continued		Item No.
ELECTRICITY FOR POWER AND LIGHTING		
<p>Electric current supplied by the Department of Water and Power of the City of Los Angeles is subject to changes in rates without notification from the Harbor Department. When furnished to vessels at wharves and for services supplied in connection therewith through facilities of the Harbor Department, a service charge of fifteen percent (15%) of the cost of such electric current will be added for the use of such facilities.</p> <p>+ Neither this Item 1210 nor any other provision of this Tariff shall prevent the entity or person billed for electric current for the purpose of reducing air emissions at the Port of Los Angeles from passing all or a part of the cost of such current, on to another entity or person that uses or benefits from such electric current.</p> <p>Charges for connections and extension of light or power circuits to vessels or for wharf lighting, including the installation of sub-meters, shall be at the actual costs of labor supplied and materials used plus a service charge of fifteen percent (15%).</p> <p>On assigned berths a charge will not be made for connections for wharf lighting or power where such service is through permanent connections.</p> <p>Application for temporary connection shall be made to the Executive Director.</p> <p>Every passenger vessel carrying passengers for compensation that connects or is caused to connect to shore side electrical power shall, in addition to Item 605 in this Tariff, pay for the cost of electrical current supplied and invoiced by the Department of Water and Power of the City of Los Angeles through the Harbor Department using the actual kilowatt hours consumed by said vessel during the Department of Water and Power of the City of Los Angeles billing period(s). In the event Item 605, AMP System Costs Passenger Fee in this Tariff is canceled, the Harbor Department may invoice AMP System Costs as defined to passenger vessels that connect or are caused to connect to shore side electrical on a pro-rata basis.</p> <p>* Note 1. Ocean going vessels that are supplied electric current at the Port of Los Angeles by the Department of Water and Power of the City of Los Angeles through facilities of the Harbor Department and invoiced by the Harbor Department for the purpose of reducing air emissions at the Port are exempt from the 15% the service charge otherwise applicable to the cost of such electric current.</p>		[C]+ 1210
CHARGE FOR USE OF ELECTRICAL MECHANICAL REFRIGERATOR BOXES		
<p>The rental charge for use of electrical mechanical refrigerator boxes (Subject to Notes 1 and 2) furnished, installed and maintained by the Harbor Department of the City of Los Angeles shall be:</p> <p>\$157.66 each, per month.</p> <p>Note 1. Applies only for boxes of less than 71 cubic meters, overall.</p> <p>Note 2. Does not include furnishing electricity.</p>
