- 3) Existing improvements visible at the job site, for which no existing disposition is made on the Plans or in the Specifications but which could reasonably be assumed to interfere with the satisfactory completion of the improvements contemplated by the Plans and Specifications.

Failure to notify shall constitute a waiver by the Contractor of any claim for delay or other damages occasioned by such defect. If the Contractor proceeds with the Work without instructions from the City of Los Angeles Harbor Department Representative, the incorrect Work shall be removed and corrections made to comply with the City of Los Angeles Harbor Department Representative's instructions, at no cost to the City.

**ACCURACY OF PLANS AND SPECIFICATIONS.** Omissions from the Plans and Specifications shall not relieve the Contractor from the responsibility of furnishing, making, or installing all items required by law or usually furnished, made, or installed in a project of the scope and character indicated by the Plans and Specifications.

The Plans show conditions as they are supposed or believed by the City of Los Angeles Harbor Department Project Manager (PM) to exist, but it is not intended or to be inferred that the conditions as shown thereon constitute a representation or warranty, expressed or implied, by the City or its officers, that such conditions are actually existent, nor shall the City, or any of its officers, be liable for any loss sustained by the Contractor as a result of any variance between conditions as shown on the Plans, and the actual conditions revealed during progress of the Work or otherwise, except as indicated in "Differing Site Conditions" of these General Conditions.

Neither the making of such demands by the City of Los

Angeles Harbor Department PM nor the failure to make such demands shall relieve the Contractor of its obligation to secure the safe conduct of the Work, the quality of Work required, and the rate of progress stipulated in the Contract. The Contractor shall be fully responsible for the safety, efficiency, and adequacy of its plant, appliances, and methods, and for any damage which may result from their failure or their improper construction, maintenance, or operation.

Where articles or materials are especially manufactured or fabricated for delivery under these specifications, the Contractor shall at all times employ such workforce, plant, materials, and tools as will be sufficient to complete the performance of the Contract and every part thereof within the time limits stipulated herein. If the Contractor fails to employ sufficient workforce, plant, materials, tools, or to maintain adequate progress, the City of Los Angeles Harbor Department PM may require an increase in

progress at any point or points or a modification of Plans and procedure in such a manner as to accelerate the Work. Failure to adequately staff the project shall be just cause for the City to terminate the Contract.

**CONTRACTOR'S REPRESENTATIVE AT THE SITE.** A technically qualified and English-speaking project representative shall be designated in writing as the Contractor's Representative at the job site, who shall supervise the Work and shall provide competent supervision of the Work until its completion.

The City of Los Angeles Harbor Department Project Manager (PM) reserves the right to disapprove any candidate named as the Contractor's Representative or alternate who fails to meet the provisions set forth herein. The City of Los Angeles Harbor Department PM reserves the right to remove, without any right to work on the project, either the Contractor's Representative or alternate, who in the sole opinion of the City of Los Angeles Harbor Department PM, has demonstrated incompetence, lack of ability, or other unsuitability to perform supervision of the Work.

If the Contractor's Representative or alternate leave the employ of the Contractor, the Contractor will be required to replace the individual(s) and fulfill the requirements of this Article within fifteen (15) calendar days. In no event shall any Work proceed in the absence of an approved representative.

Each Contractor/Subcontractor shall make the applicable Injury and Illness Prevention Program specific for site conditions and type of Work to be performed on the Project.

Each prime Contractor and Subcontractor working on the Project shall make its Injury and Illness Prevention Program available to the City of Los Angeles Harbor Department Project Manager (PM) prior to beginning any Work on the Project.

If a work procedure or site condition creates an immediate hazard to the health or safety of the public, City employees, property, or a licensee, the City may suspend all work on the project. Without prior

notice, the City may also correct such hazardous conditions using other forces or contractors, at the Contractor's sole expense. Any delays or impacts arising on the Work as a result of such an emergency shall be at the sole expense of the Contractor with no time extension, additional reimbursement for extended overhead, or interest on monies due, allowed for the Contractor.

If the Contractor fails to remove, replace or correct any non-conforming Work or materials within seventy-two (72) hours of discovery, the City of Los Angeles Harbor Department Project Manager (PM) may cause such Work or materials to be removed and replaced. Such removal and replacement shall be at the sole expense of the Contractor with no entitlement to time extensions, additional reimbursement, extended overhead, or interest on monies due. In addition, all such cost shall be deducted from any amounts that are due or may become due to the Contractor.

Failure of the City of Los Angeles Harbor Department PM to notify the Contractor of any

non-conforming Work shall not constitute acceptance of any non-conforming Work. The Contractor's obligation to remove, replace or correct any non-conforming Work, whenever discovered, shall continue to the end of the guaranty-warranty period provided for in "Guaranty-Warranty" of the General Requirements. The City reserves and retains all rights and remedies at law against the Contractor and their Surety for correction of any and all latent defects discovered after the guaranty-warranty period.

Any delays or impacts arising on the Work as a result of construction, fabrication or delivery of non-conforming work or materials shall be at the Contractor's sole expense, with no time extension, additional reimbursement for extended overhead, or interest on monies due allowed.

Examination of covered Work may be ordered by the City of Los Angeles Harbor Department PM for any reason. The Work shall be uncovered by the Contractor and if such Work is found to be in accordance with the Contract Documents, the City will issue a Change Order authorizing payment for the cost of examination and replacement. If such Work is found to be not in conformance with the Contract Documents, the Contractor shall correct the non-conforming Work and the cost of examination and correction of the non-conforming Work shall be borne solely by the Contractor.

Failure of the Contractor to comply with the requirements of this Article shall constitute default of the Contract by the Contractor and the City may terminate the Contract as provided for in Termination of Contract by City (Contractor Default).

**NOTIFICATION OF HAZARDOUS SUBSTANCES.** The existing facilities or Jobsite may contain asbestos, PCBs, corrosives, carcinogens, or other hazardous materials. Should the Contractor or any of its Subcontractors, while performing Work on or in the vicinity of existing facilities, unexpectedly encounter any material identified in the California Code of Regulations, Title 8, as a hazardous material not shown on the Plans or addressed in the specifications, or have reason to believe that any other material encountered may be a hazard to human health and safety and/or the environment, the Contractor shall stop the Work, cordon off the affected area to secure entry, and shall immediately notify the City of Los Angeles Harbor Department Project Manager (PM). Removal and disposal of the hazardous material not shown on the Plans or addressed in the specifications, if the City of Los Angeles Harbor Department PM deems it necessary, will be done by and at the expense of the City. The City will provide the Contractor, upon request, with copies of Safety Data Sheets (SDS) covering hazardous materials identified by the Contractor that are encountered in existing facilities during the course of the Work and that are not removed by the City.

In the event that the Contractor is delayed in the completion of the Contract solely because of such hazardous materials or conditions not previously identified in the Contract Documents, the Contractor shall be entitled to an extension of time in accordance with "Unavoidable Delay" of these General Conditions.

For new construction Work and for all Contractor furnished supplies and equipment that

may contain hazardous materials, the Contractor shall develop and implement a written Hazard Communication Program for its employees in accordance with the California Code of Regulations. The Contractor's basic written Hazard Communication Program shall be submitted to the City of Los Angeles Harbor Department PM prior to the start of Work at the site, and shall be revised and kept current as required by the continuing progress of the Work. ## **LOCAL BUSINESS PREFERENCE PROGRAM**

The Harbor Department is committed to maximizing opportunities for local and regional businesses, as well as encouraging local and regional businesses to locate and operate within the Southern California region. It is the policy of the Harbor Department to support an increase in local and regional jobs. The Harbor Department's Local Business Preference Program (LBPP) aims to benefit the Southern California region by increasing jobs and expenditures within the local and regional private sector.

Vendors who qualify as a Local Business Enterprise (LBE) will receive an 8% preference on any bid for goods, materials, supplies, and related services valued in excess of \$150,000. The preference will be applied by calculating the bidder's price at 8% less than the quoted price. The Harbor Department will use the applied preference for bid tabulation only. The Harbor Department defines a LBE as:

- (b) A business that has at least 50 full-time employees, or 25 full-time employees for specialty marine contracting firms, working in Los Angeles, Orange, Riverside, San Bernardino, or Ventura Counties.

In order for Harbor Department staff to determine the appropriate LBE preference, Vendor shall complete, sign, notarize and submit the attached Affidavit. The Affidavit will signify the LBE status of the Vendor.

In the event of Vendor's noncompliance during the performance of the Contract, Vendor shall be considered in material breach of contract. In addition to any other remedy available to City under this Contract or by operation of law, the City may withhold invoice payments to Vendor until noncompliance is corrected, and assess the costs of City's audit of books and records of Vendor. In the event the Vendor falsifies or misrepresents information contained in any form or other willful noncompliance as determined by City, City may disqualify the Vendor from participation in City contracts for a period of up to five (5) years.
