Re: Port of Los Angeles Master Plan Amendment No. 28 (PMP-5-PLA-13-0201-5)

Dear Mr. Mathewson:

On March 12, 2014, the Coastal Commission certified the above-referenced Port Master Plan Amendment, as submitted. Two additional actions are necessary in order to finalize the certification process. The Port must accept the Commission's certification and the Commission must acknowledge the Port's acceptance. After these two actions occur, the Port Master Plan Amendment will become effective. These procedures are detailed in Title 14, California Code of Regulations, Section 13632(e).

Your Board should, by resolution, accept the certification. Upon receipt of evidence that your Board has so acted, the Commission staff will schedule this matter for final Commission action. Please contact me should you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Al J. Padilla".

Al J. Padilla
Ports Coordinator
