

Port of Los Angeles Community Investment Grant Program Fiscal Year 2023-24

COMMUNITY INVESTMENT GRANT PROGRAM

The Port of Los Angeles (Port) Community Investment Grant Program (Program) creates a funding opportunity for small to large community events, programs and projects that benefit the Port community and promote the goals of the Los Angeles Harbor Department (Harbor Department). It is the Harbor Department's goal to partner with organizations having similar interests and goals and to create mutual-support relationships.

FUNDING

The Community Investment Grant Program funds come from the Harbor Department's annual budget – self-supported entirely from shipping and lease revenues rather than tax-payers. The overall program funds, as well as its component categories, will vary each fiscal year. There is no guarantee that funds allocated in any one fiscal year will be the same as another – either for the overall program, component categories or successful applicants. Grant applicants must re-apply each fiscal year.

For Fiscal Year 2023-24, it is anticipated that \$1,300,000 in total grant funding will be awarded, inclusive of Large Grants in their second year.

Awarded grant amounts of up to \$100,000 will be for one year only and funds must be spent within the fiscal year granted (July 1, 2023 to June 30, 2024).

Awarded grant amounts of \$100,000 or more are considered to be "Large Grants" and awardees will receive granted funds for each of two, one-year periods (July 1, 2023 to June 30, 2024 and July 1, 2024 to June 30, 2025).

Note that the Harbor Department reserves the right to fund events/programs/projects for any amount **up to** the amount requested – some grants maybe be awarded for less than the requested amount.
