

12. Index

Aesthetics (Section 3.1)

Environmental Setting.....	3.1-1
Impact Analysis of Alternative 1.....	3.1-21
Impact Analysis of Alternative 2.....	3.1-30
Impact Analysis of Alternative 3.....	3.1-34
Impact Summary	3.1-36

Air Quality (Section 3.2)

Environmental Setting.....	3.2-1
Greenhouse Gases Analysis (Impact AQ-6).....	3.2-41, 3.2-51, 3.2-54
Impact Analysis of Alternative 1.....	3.2-27
Impact Analysis of Alternative 2.....	3.2-43
Impact Analysis of Alternative 3.....	3.2-52
Impact Summary	3.2-54
Mitigation Measures	3.2-55

Alternatives

Section 2.5 of the SEIS/SEIR is devoted to describing the alternatives

Sections 3.1 through 3.14 present analysis of each alternative by issue area.

Alternatives and Disposal Sites Eliminated From Further Consideration (Section 2.4.3).....	2-22
Description of Alternatives Evaluated in this SEIS/SEIR (Section 2.5).....	2-27
Comparison of Alternatives (Section 2.7).....	2-44

Archaeological Resources

See Section 3.4, Cultural Resources

Biological Resources (Section 3.3)

Affected Environment.....	3.3-1
EFH (Essential Fish Habitat).....	3.3-34, 3.3-46
Impact Analysis of Alternative 1.....	3.3-27
Impact Analysis of Alternative 2.....	3.3-45
Impact Analysis of Alternative 3.....	3.3-50
Impact Summary	3.3-53
Impacts to Endangered Species (Impact BIO-1)	3.3-31, 3.3-46
Mitigation Measures	3.3-54
Section 7 Consultation Determination.....	3.3-32, 3.3-46

California Least Tern

See Impacts to Endangered Species (Impact BIO-1)

Climate and Meteorology

See Section 3.2, Air Quality

Construction (Section 2.6)

Methods and Schedule.....	2-39
---------------------------	------

Cultural Resources (Section 3.4)

Affected Environment.....	3.4-1
Impact Analysis of Alternative 1.....	3.4-6
Impact Analysis of Alternative 2.....	3.4-8
Impact Analysis of Alternative 3.....	3.4-11
Impact Summary.....	3.4-12

Cumulative Impacts (Chapter 6)

Alternative 1.....	6-14
Alternative 2.....	6-80

Economics

See Chapter 4.0, Socioeconomics

Comparison of Alternatives

Comparison of Alternatives (Section 2.7).....	2-44
---	------

Compliance with Environmental Requirements

(Chapter 8)	8-1
-------------------	-----

Endangered Species

See Section 3.3, Biological Resources

Environmental Analysis

Chapter 3 of the SEIS/SEIR describes approach and methodology. Each section of Chapter 3 describes methodology specific to the discipline addressed.

Environmental Justice (Chapter 5)

Environmental Setting.....	5-1
Impact Assessment.....	5-7
Impact Summary.....	5-14

Future Development, Impacts of

Berths 243-245(Future Development of)....	3.14-1
Northwest Slip (Future Development of) ...	3.14-7

Geology, Soils, and Paleontology (Section 3.5)

Affected Environment.....	3.5-1
Impact Analysis of Alternative 1.....	3.5-15
Impact Analysis of Alternative 2.....	3.5-17
Impact Analysis of Alternative 3.....	3.5-19
Impact Summary.....	3.5-21

Ground Transportation (Section 3.6)

Affected Environment..... 3.6-1
Impact Analysis of Alternative 1..... 3.6-9
Impact Analysis of Alternative 2..... 3.6-14
Impact Analysis of Alternative 3..... 3.6-16
Impact Summary 3.6-19

Growth-Inducing Effects

Growth-Inducing Effects (Section 7.4) 7-2

Hazards and Hazardous Materials (Section 3.7)

Affected Environment..... 3.7-1
Impact Analysis of Alternative 1..... 3.7-18
Impact Analysis of Alternative 2..... 3.7-27
Impact Analysis of Alternative 3..... 3.7-34
Impact Summary 3.7-38

Historic Sites

See Cultural Resources, Section 3.4

Hydrology and Water Quality

See Section 3.13, Water Quality and Oceanography

Land Use (Section 3.8)

Affected Environment..... 3.8-1
Impact Analysis of Alternative 1..... 3.8-21
Impact Analysis of Alternative 2..... 3.8-29
Impact Analysis of Alternative 3..... 3.8-33
Impact Summary 3.8-37
Mitigation Measures 3.8-39

Mitigation Measures

Each part of Chapter 3 (Sections 3.1 through 3.13) presents mitigation measures, as required.

Mitigation and Monitoring Plan to be provided in Final SEIS/SEIR

No Action Alternative

See Section 2.5.3..... 2-32

Marine Transportation (Section 3.9)

Affected Environment..... 3.9-1
Impact Analysis of Alternative 1..... 3.9-8
Impact Analysis of Alternative 2..... 3.9-11
Impact Analysis of Alternative 3..... 3.9-13
Impact Summary 3.9-15

Noise (Section 3.10)

Affected Environment..... 3.10-1
Impact Analysis of Alternative 1..... 3.10-11
Impact Analysis of Alternative 2..... 3.10-18
Impact Analysis of Alternative 3..... 3.10-21
Impact Summary 3.10-23
Mitigation Measures 3.10-23

Paleontological Resources

See Cultural Resources Section 3.4

Public Involvement (Section 1.11)..... 1-29

Purpose and Need, Project (Section 2.3)..... 2-21

Recreation (Section 3.11)

Affected Environment..... 3.11-1
Impact Analysis of Alternative 1..... 3.11-8
Impact Analysis of Alternative 2..... 3.11-11
Impact Analysis of Alternative 3..... 3.11-13
Impact Summary..... 3.11-15

Scoping

See Public Involvement (Section 1.11)

Significant Unavoidable Impacts

See Section 7.1

Irreversible and Irretrievable Commitment of Resources

See Section 7.3 7-2

Socioeconomics (Chapter 4)

Environmental Setting 4-1
Impact Analysis..... 4-10
Impact Summary..... 4-13

Threatened and Endangered Species

See Biological Resources, Section 3.3

Utilities (Section 3.12)

Affected Environment..... 3.12-1
Impact Analysis of Alternative 1..... 3.12-4
Impact Analysis of Alternative 2..... 3.12-7
Impact Analysis of Alternative 3..... 3.12-10
Impact Summary..... 3.12-12

Water Quality and Oceanography (Section 3.13)

Affected Environment..... 3.13-1
Impact Analysis of Alternative 1..... 3.13-17
Impact Analysis of Alternative 2..... 3.13-31
Impact Analysis of Alternative 3..... 3.13-35
Impact Summary..... 3.13-38
