SAN PEDRO, Calif. – On Thursday, September 21, the Port of Los Angeles will hold a public meeting on planned expansion to the China Shipping terminal at Berths 97-109 and related improvements in the area. The 6:30 p.m. meeting will take place at Peck Park Community Center, 560 N. Western Avenue in San Pedro.

The public meeting is part of the Draft Environmental Impact Statement/Environmental Impact Report (DEIS/EIR) process. The public will be informed of the potential significant environmental effects of the proposed project, and public comment on the project will be taken and documented for consideration in the Final Environmental Impact Statement/Environmental Impact Report (FEIS/EIR).

All members of the community are invited to attend this public meeting and give their comments on the project.

Copies of the DEIS/EIR document are available online at the Port's website, www.portoflosangeles.org, or by calling (310) 732-3675.

The Port of Los Angeles is America's premier port. As the leading container port in the nation and a critical hub in the international supply chain, the Port generates 259,000 regional jobs and \$8.4 billion in annual wages and tax revenues. A proprietary, self-supported department of the City of Los Angeles, the Port of Los Angeles places a high priority on responsible growth initiatives combined with high security, environmental stewardship and community outreach. The Port of Los Angeles - A cleaner port. A brighter future.
