

**DATE: JANUARY 5, 2021**

**FROM: PORT POLICE**

**SUBJECT: RESOLUTION NO. \_\_\_\_\_ MEMORANDUM OF AGREEMENT  
BETWEEN THE CITY OF LOS ANGELES HARBOR DEPARTMENT AND  
THE LOS ANGELES POLICE DEPARTMENT FOR INTEROPERABLE  
RADIO COMMUNICATIONS**

**SUMMARY:**

Staff requests approval of a Memorandum of Agreement (MOA) between the City of Los Angeles Harbor Department (Harbor Department) and the Los Angeles Police Department (LAPD) for the purpose of enabling continued interoperable radio communications. The Harbor Department and the LAPD, in fulfilling their respective public safety, law enforcement, and emergency management missions, frequently conduct coordinated responses and participate in joint operations. Interoperable radio communication is essential for sharing critical information and for affecting command and control when conducting these operations. Moreover, both parties would like to enable continued interoperable radio communications through coordination and information sharing with regard to the radio communication and system technical information necessary to maintain radio communications and plans.

The intent of this MOA is to memorialize the understanding between the Harbor Department and the LAPD with respect to the information exchange necessary to facilitate continued interoperable radio communications. The MOA shall be in effect for three years. The MOU is administrative in nature and there will be no financial impact to the Harbor Department.

**RECOMMENDATION:**

It is recommended that the Board of Harbor Commissioners (Board):

1. Find that the Director of Environmental Management has determined the proposed action is administratively exempt from the requirements of the California Environmental Quality Act (CEQA) under Article II, Section 2(f) of the Los Angeles City CEQA Guidelines;
2. Approve the proposed MOA between the Harbor Department and the LAPD;
3. Authorize the Executive Director to execute and the Board Secretary to attest to the MOA; and

**SUBJECT: MOA BETWEEN THE HARBOR DEPARTMENT AND LAPD FOR INTEROPERABLE RADIO COMMUNICATION**

4. Adopt Resolution No. \_\_\_\_\_.

**DISCUSSION:**

Background/Context - The Harbor Department and the LAPD, in fulfilling their respective public safety, law enforcement, and emergency management missions, frequently conduct coordinated responses and participate in joint operations. Interoperable radio communication is essential for sharing critical information and for affecting command and control when conducting these operations. Interoperable radio communication is essential for sharing critical information and will be made possible through coordination and information sharing with regard to the radio communication and system technical information necessary to maintain radio communications and plans.

On October 20, 2017 the Harbor Department and LAPD entered in to a three-year MOA to formalize information exchange necessary to facilitate continued interoperable radio communications.

This proposed MOA is for a three-year term and results in the Harbor Department and LAPD granting permission to each other to use radio channels or talk groups for which they are the controlling authority. The use of these radio channels or talk groups will be limited to communications with units or dispatchers and will only be used during emergency response or preplanned joint operations. Other general responsibilities and stipulations are detailed in the MOA.

**ENVIRONMENTAL ASSESSMENT:**

The proposed action is the approval of an MOA with the Los Angeles Police Department for interoperable radio communications, which is an administrative activity. Therefore, the Director of Environmental Management has determined that the proposed action is administratively exempt from the requirements of CEQA in accordance with Article II Section 2(f) of the Los Angeles City CEQA Guidelines.

**FINANCIAL IMPACT:**

The authorization of this MOA will have no financial impact, as the proposed MOA is administrative in nature establishing interoperable radio protocols between the Harbor Department and LAPD.
