

**THE PORT  
OF LOS ANGELES**  
Executive Director's  
Report to the  
Board of Harbor Commissioners

## LEVEL I COASTAL DEVELOPMENT PERMIT REPORT

**DATE: JUNE 12, 2018**

**TO: HONORABLE MEMBERS OF THE BOARD OF HARBOR  
COMMISSIONERS**

### BACKGROUND

In accordance with the approved Port of Los Angeles Master Plan (PMP), the Executive Director is designated with the authority to approve or deny applications for Level I Coastal Development Permits (CDP), but these CDPs only become effective when the permits are reported in writing to the Board of Harbor Commissioners (Board). No Board action is required. Additionally, the PMP provides that a Level I CDP that is being reported to the Board can be stayed if any two Board members so request. In this case, the CDP would be agendaized for the next regular Board meeting and would require Board action to be approved or denied.

### PERMIT ACTIONS

The Executive Director has approved one Level I CDP:

CDP No. 18-09 TraPac, LLC – Removal of 1,000-gallon Underground Storage Tank at 630 W. Harry Bridges Blvd.

The project location for the approved CDP is identified on the attached map (Transmittal 1).

**CDP No. 18-09 TraPac, LLC – Removal of 1,000-gallon Underground Storage Tank at 630 W. Harry Bridges Blvd.**

CDP No. 18-09 (Transmittal 2) allows for the removal of a 1,000-gallon waste oil underground storage tank as outlined in APP No. 180315-041. TraPac, LLC is entitled to perform the proposed removal under Permit No. 881.

The Environmental Management Division has completed an Environmental Assessment Exemption to assess the potential environmental impacts of the proposed removal.

The estimated project cost is \$31,000 and will be paid by TraPac, LLC.
