Okay, duly noted. The Union doesn't have any objections with the contract going to 3 years.

Good morning Paul,

I wrote the memo to you, signed by Tish, dated September 21, 2011, letting you know that our Environmental Management Division was proposing a Biological Mitigation Credit Negotiations contract. Per your e-mail below, we subsequently met and discussed that proposed contract last Wednesday. I had said in the memo that it would be a two year contract. It is actually a three year contract. Everything else was correct, including the "estimated total amount of \$300,000." I want to clarify that and apologize for making this mistake.

Dear James Caudill,

Per our discussion on Wednesday's meeting concerning the RFP to contract out Biological Mitigation Credit Negotiations, for an estimated 2 years and \$300,00. The Union has no objection of this contract moving forward. Thank you.
