Project Title: Addendum to the Innovative New Dock Chassis Depot Project

Project Applicant: Innovative Terminal Services, Inc.

Project Location (include county): 960 New Dock St, San Pedro, Port of Los Angeles, County of Los Angeles

Project Description:

The proposed Project would entitle property currently operated as a chassis depot to include the new use of cargo handling support, which adds the storage and handling of shipping containers for the entire premises. The new activities would operate in conjunction with the chassis depot operations evaluated in the Final IS/ND. Additionally, an approximately 5.2 acre expansion would be added for chassis depot and cargo handling support uses, expanding the entitled area to approximately 20.5 acres. The facility is part of Port property located on the northern portion of Terminal Island. The proposed modifications would create no potential adverse impacts or substantial changes to impact areas previously analyzed in the Final IS/ND.

This is to advise that the Los Angeles Harbor Department has approved the above  
(Lead Agency)  
described project on March 18, 2021 and has made the following determinations regarding the above  
(date)  
described project.

1. An Addendum to the Innovative New Dock Initial Study/Negative Declaration, previously certified by the Board of Harbor Commissioners on November 5, 2020, was prepared and considered for this project pursuant to the provisions of CEQA.
2. There has been no change to the project or substantial changes in circumstances or new information that would warrant subsequent environmental analysis in accordance with CEQA.

This is to certify that the certified Final ND with comments and responses and record of project approval is available to the General Public at: [portoflosangeles.org/environment/environmental-documents](http://portoflosangeles.org/environment/environmental-documents)

Signature (Public Agency):  Title: Director of Environmental Mgmt.
