

**Cycle 10 On-Call Engineering Services - Interview Evaluation Questions**

*Consultant:*

*Evaluator:*

- 1 Please briefly describe the design expertise your proposed Project Manager brings to the team. (1-15) \_\_\_\_\_

---

---

---

---

---

- 2 Please pick one (1) person on your team, not the project manager, and tell the panel why their technical expertise is vital to the performance of the project. (1-10) \_\_\_\_\_

---

---

---

---

---

- 3 The Engineering On-Call program is about engineering design and experience in obtaining permits. Please select one (1) discipline (i.e., Civil, Structural, Terminal Planning, etc.) and tell us about your design experience, areas of expertise, and your experience in obtaining permits for working on public works projects. (1-10) \_\_\_\_\_

---

---

---

---

---

- 4 In reference to the RFP which advises your firm not to propose if it cannot agree to the requirements exactly as set forth in the sample agreement - Has your firm thoroughly reviewed the sample agreement, and is your firm willing to accept the Port's Standard Consultant Agreement and insurance requirements? (1-10) \_\_\_\_\_

---

---

---

---

---

*Consultant:*

*Evaluator:*

5 What percentage of time is your Project Manager committed to the Port? (1-10) \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
