SUMMARY:

Staff requests approval of a Foreign-Trade Zone (FTZ) Operating Agreement (Agreement) between the City of Los Angeles Harbor Department (Harbor Department) and Howard Hartry Inc. (HHI), to operate its facility within FTZ No. 202, Site 27, located at 202 North Fries Ave., Wilmington, CA 90744. Site 27 consists of 11,800 square feet of warehouse and office space on 0.25 acres located adjacent to the Port of Los Angeles. HHI will operate its warehouse under FTZ procedures as a multi-usage site.

The proposed Agreement is for a term of five years with three, five-year renewal options. If the proposed agreement is approved, the Harbor Department will receive \$7,750 annually from HHI (per FTZ Tariff No. 2).

RECOMMENDATION:

It is recommended that the Board of Harbor Commissioners (Board):

SUBJECT: FTZ OPERATING AGREEMENT WITH HOWARD HARTRY INC.

DISCUSSION:

Background and Context – The FTZ Act of 1934, as amended (19 U.S.C. 81a-81u), was established to support United States (U.S.) commerce and create jobs by reducing import duties or excise taxes by deferring payment of duties, thereby making it attractive for companies to perform some work on their products in the U.S. rather than offshore. The definition of an FTZ is a restricted access site located in the U.S. Customs and Border Protection territories. The importer may defer payment of duties and other fees until the merchandise is brought into the U.S. for consumption.

Need for Agreement – The Harbor Department, as the grantee, is required by the FTZ Board to have an Operating Agreement with FTZ site operators. The term of this proposed FTZ Operating Agreement is five years with three, five-year extension options (Transmittal 1). HHI is a U.S. company with its head office located in San Pedro, California, employing approximately six full-time and part-time employees working within the FTZ warehouse. This facility consists of approximately 11,800 square feet of warehouse and office space on 0.25 acres (Transmittal 2) and is within the FTZ 202 service area (Transmittal 3).

HHI shall follow the rules and procedures as outlined in the Department of Homeland Security's FTZ manual, such as providing a secured area within the FTZ. HHI shall notify truck drivers, truck brokers, and trucking companies that the trucks serving the Port of Los Angeles confine their routes to the designated Wilmington Truck Route.

Need for Approval – HHI is requesting approval from the Harbor Department to execute the proposed Agreement to operate Site 27 as a multi-usage FTZ facility. HHI receives, stores, manages inventory, and distributes various general merchandise, which will be distributed for U.S. consumption. Occasionally, products may be re-exported from this facility.

If HHI does not obtain approval as an operator with FTZ status from the Harbor Department, they potentially have the choice of going to another FTZ in California such as Long Beach.

ENVIRONMENTAL ASSESSMENT:

The proposed action is the approval of the FTZ Agreement with HHI, which is an administrative activity. Therefore, the Director of Environmental Management has determined that the proposed action is administratively exempt from the requirements of CEQA in accordance with Article II Section 2 (f) of the Los Angeles City CEQA Guidelines.

FINANCIAL IMPACT:

If the proposed Agreement is approved, the Harbor Department will receive \$7,750 annually from HHI (per FTZ Tariff No. 2). Approval of the FTZ Operating Agreement is not anticipated to result in additional, incremental FTZ-related consulting service expenses being incurred by the Harbor Department.

CITY ATTORNEY:

The City Attorney's Office has prepared and approved the proposed Agreement as to form and legality.
