Re: Berth 93 Cruise Terminal
Customs and Border Protection
Security Improvements
Specification No. 2778

417-962
Scanned

Mr. Shahrestani,

Thank you for taking the time this morning to discuss the Berth 93 project with me.

Regarding the inclusion of Pages 00030-2 and 00030-3 of the bid documents, I don't have an answer why they were not part the documents submitted by JRH to the Port. These two pages were included in our copy of the bid documents that were copied prior to our bid runner leaving to submit the bid. I have included our copy of our final signed documents with this letter. I have also attached new signed originals of pages 00030-2 and 00030-3 for your use.

Again, I can't give you a reason why these pages were not included, I just don't know. This was obviously an omission that did not affect the pricing of the project. JRH has spent a lot of time working on this project and is ready and willing to perform. I would request that the Port give this matter further consideration, and acknowledge JRH as the lowest responsible bidder. I understand that there are procedures and rules that need to be followed, and if the final outcome is not favorable for JRH, I certainly understand and appreciate your efforts.

If you have any questions regarding this matter, please feel free to contact me.

Sincerely,

JRH Construction Company, Inc.

John R Hundley, Jr
President
