RULES AND REGULATIONS GOVERNING THE USE OF
HARBOR DEPARTMENT CONTAINER CRANES -- Continued

(g) A user shall be responsible for any and all damage to or destruction of a crane, and for all repairs required to be made to the crane other than for normal repair and maintenance. "Normal repair and maintenance" is defined to mean all repair and maintenance deemed to be necessary by the Executive Director, except such repair as may be required in the event of damage to or destruction of a crane, in whole or in part, incidental to, arising out of, or caused by, directly or indirectly, user's possession, use or operation of said crane, whether by user, its officers, agents, or employees, or by any person or persons acting with the knowledge and express or implied consent of user. The Executive Director reserves the right to stop the operation of the crane at any time if it does not appear to be in proper operating condition and to make necessary repairs.

(h) Neither the City, nor any of its officers or employees, shall be responsible for delays attributable to any cause, event or occurrence of whatever nature to vessels, land transportation equipment, or cargo, or for any expenses, costs, or damages incurred by user or any other person which arises out of the use or anticipated use of a crane.

(i) Cranes assigned to users are under the users' supervision, direction and control. A user shall at all times relieve, indemnify, protect and hold harmless City, its officers, agents, representatives and employees from any and all judgments, claims and legal actions, including attorneys' fees and all other expenses incurred as a result of a death of or injury to persons, damage to property or civil fines and penalties that may, in whole or in part, arise from or be caused, directly or indirectly, through negligence or otherwise, by user's possession, use of or operation of a crane, whether by user, its officers, agents or employees, or by any person or persons acting with the express or implied knowledge and consent of user. A user shall also indemnify City and pay for all damage or loss suffered by City, including but not limited to damage to or destruction of City property, including the crane itself, and for loss of revenue caused by or arising out of such damage or destruction.
