SECOND AMENDMENT

1. ARTICLE V - FUNDING. This Article is modified in its entirety to read:

"A. The total compensation paid to the Corps under the MOA, as modified by the FIRST AMENDMENT and this SECOND AMENDMENT, shall not exceed Nine Hundred Thousand Dollars (\$900,000) paid as follows:

1. \$ 800,000 was paid to the Corps between execution of the MOA and October 24, 2015 and is currently held in an account with a remaining balance of \$349,154.01 as of October 1, 2016;

2. \$100,000 will be paid when the funds available to the Corps in the account referenced above reaches \$100,000 and there is more than one year remaining before the MOA expires.

This payment schedule can be changed by mutual agreement of the parties but may not exceed the total compensation unless approved through an amendment.

B. The Corps will carry-over any unobligated funds from year to year, or will refund such unobligated funds if this MOA is terminated or expires in accordance with Article X. C of this MOA.

C. Expediting of permit actions by the Corps will be provided under this MOA only after funds have been received by the Corps.

D. Prior to the Corps incurring any expenditure to expedite permit evaluation-related activities as specified in the MOA, the Port will make a lump sum payment to the Corps in the total amount specified in Article V.A.2. Payment by the Port is to be made by electronic or wire transfer of funds or made payable to Finance and Accounting Officer and mailed to:

notify the Port at least ninety (90) days prior to fund exhaustion of the incremental amount of funds needed to defray the remaining anticipated costs. Port will either initiate an amendment to this MOA to increase the funding amount or agree to a reduced level of service.

F. The Corps will establish a separate internal account to track receipt and expenditure of the funds associated with its review of permit applications submitted by the Port.
