PORT COMMUNITY ADVISORY COMMITTEE (PCAC) PROJECT INVOLVEMENT

B.1 Introduction, PCAC Purpose and Goals

The Port Community Advisory Committee (PCAC) was established in 2001 as a standing committee of the Port of Los Angeles Board of Harbor commissioners (Board). In accordance with the direction provided by Mayor Hahn, the purposes of the PCAC are to:

- Assess the impacts of the Port developments on the harbor area communities and recommend suitable mitigation measures to the Board for such impacts.
- Review past, present, and future environmental documents in an open public process and make recommendations to the Board to ensure that impacts to the communities are appropriately mitigated in accordance with federal and California law.
- Provide a public forum and make recommendations to the Board to assist the Port in taking a leadership role in creating balanced communities in Wilmington, Harbor City, and San Pedro so that the quality of life is maintained and enhanced by the presence of the Port.

The PCAC provides a public forum to discuss Port-related quality of life issues through a series of subcommittees. These subcommittees provide guidance on environmental issues, review of Environmental Impact Reports (EIRs), master planning, and Port redevelopment. The specific purpose of this Appendix to the Al Larson Boat Shop Improvement Project is to document the involvement of the PCAC in the preparation and review of this Draft EIR.

B.2 Overview of PCAC Involvement

Using the Cabrillo Way Marina Phase II EIR as a model and working with the Berth 97-109 Container Terminal (China Shipping) EIR [Past EIR] subcommittee, a generalized approach was identified for PCAC involvement in preparation of EIRs and a template was developed to document this involvement. This Appendix documents PCAC members' involvement in the review of the Al Larson Boat Shop Improvement Project (refer to Table B-1).

1

Table B-1: Summary of PCAC Participation in EIR Process

Event	Date	PCAC Participation
Notice of Preparation (NOP)/Public Notice	September 16, 2010	Copies sent to PCAC
Scoping/Public Meeting	September 29, 2010	Public Meetings
Meeting with the Past EIR Subcommittee	August 10, 2011	PCAC Meeting
Draft EIR	Released January 20, 2012	Copy sent to all voting members of PCAC
Public Meeting on the Draft EIR	February 15, 2012	Public Meeting

The NOP was completed and released for public review on September 16, 2010. A public scoping meeting was held on September 20, 2010 at the Board Meeting Room in the Los Angeles Harbor Department (LAHD) Administration Building in San Pedro. Comment letters were received, but none from PCAC. Subsequent to the NOP, the EIR/Aesthetics Subcommittee of PCAC was briefed on the proposed Project at the August 10, 2011 meeting.
