Re: Annual Renewal of NCPA contract #10-01

Dear Fred:

Region XIV Education Service Center is happy to announce that Landscape Structures, Inc. has been awarded an annual contract renewal for Playground Equipment based on the proposal submitted to Region XIV ESC.

The contract will expire on July 31st, 2016, completing the fourth year of a possible five-year term. If your company is not in agreement, please contact me immediately.

If you have any questions or concerns, feel free to contact me at 325-675-8600.

Sincerely,

A handwritten signature in cursive script that reads "Ronnie Kincaid".

Ronnie Kincaid
Region XIV, Executive Director

Landscape Structures is pleased to submit our response to Solicitation No. 14-12: RFP for Playground Equipment, Surfacing, Site Furnishings, and Related Products/Services.

It is our understanding that the intent of this contract is for nationwide usage by participating governments agencies. Our approach will to be to manage this contract nationally while providing our product and service offerings through our authorized LSI dealer network. Landscape Structures and our reps have a long history with cooperative purchasing agreements and are very familiar with the benefits of a buying contract and the advantages to our customers. We have sold millions of dollars of equipment to hundreds local government agencies all over the country through various contract tools. We believe we have the ability to bring new members and increased sales to your program and build on your existing national base of members.

Please feel free to contact us with any questions. We look forward to your response.

General Terms and Conditions

- ◆ Customer Support
 - The vendor shall provide timely and accurate technical advice and sales support. The vendor shall respond to such requests within one (1) working day after receipt of the request.

- ◆ Assignment of Contract
 - No assignment of contract may be made without the prior written approval of Region 14 ESC. Purchase orders and payment can only be made to awarded vendor. Awarded vendor is required to notify Region 14 ESC when any material change in operation is made.

- ◆ Disclosures
 - Respondent affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.
 - The respondent affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

- ◆ Renewal of Contract
 - Unless otherwise stated, all contracts are for a period of one (1) year with an option to renew annually for an additional four (4) years if agreed to by Region 14 ESC and the vendor.

- ◆ Funding Out Clause
 - Any/all contracts exceeding one (1) year shall include a standard “funding out” clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:
 - Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract.

- ◆ Shipments (if applicable)
 - Vendor shall provide standard lead time and shipping policies on equipment p.

- ◆ Tax Exempt Status
 - Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the vendor.

- ◆ Payments
 - The entity using the contract will make payments directly to the awarded vendor.

- ◆ Pricing
 - All pricing submitted to shall include the administrative fee to be remitted to NCPA by the awarded vendor. It is the awarded vendor's responsibility to keep all pricing up to date and on file with NCPA.

- ◆ Warranty
 - Proposals should address each of the following:
 - Applicable warranty and/or guarantees of equipment and installations including any conditions and response time for repair and/or replacement of any components during the warranty period.
 - Availability of replacement parts
 - Life expectancy of equipment under normal use
 - Detailed information as to proposed return policy on all equipment

- ◆ Indemnity
 - The awarded vendor shall protect, indemnify, and hold harmless Region 14 ESC and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract.

- ◆ Franchise Tax
 - The respondent hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.

- ◆ Supplemental Agreements
 - The entity participating in this contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor.

- ◆ Certificates of Insurance
 - Certificates of insurance shall be delivered to the Public Agency prior to commencement of work. The insurance company shall be licensed in the applicable state in which work is being conducted. The awarded vendor shall give the participating entity a minimum of ten (10) days notice prior to any modifications or cancellation of policies. The awarded vendor shall require all subcontractors performing any work to maintain coverage as specified.

- ◆ Legal Obligations

- It is the Respondent's responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulation must be followed even if not specifically identified herein.

◆ Protest

- A protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm CST. No protest shall lie for a claim that the selected Vendor is not a responsible Bidder. Protests shall be filed with Region 14 ESC and shall include the following:
 - Name, address and telephone number of protester
 - Original signature of protester or its representative
 - Identification of the solicitation by RFP number
 - Detailed statement of legal and factual grounds including copies of relevant documents and the form of relief requested
- Any protest review and action shall be considered final with no further formalities being considered.

◆ Force Majeure

- If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.
- The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty

◆ Prevailing Wage

- It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser. It shall further be the

responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

◆ Miscellaneous

- Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

◆ Open Records Policy

- Because Region 14 ESC is a governmental entity responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s).
 - The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 14 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the respondent are not acceptable. Region 14 ESC must comply with the opinions of the OAG. Region14 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. Respondent are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.
-
-

Process

Region 14 ESC will evaluate proposals in accordance with, and subject to, the relevant statutes, ordinances, rules, and regulations that govern its procurement practices. NCPA will assist Region 14 ESC in evaluating proposals. Award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to Region 14 ESC, NCPA, and its participating agencies. To qualify for evaluation, response must have been submitted on time, and satisfy all mandatory requirements identified in this document.

- ◆ Contract Administration
 - The contract will be administered by Region 14 ESC. The National Program will be administered by NCPA on behalf of Region 14 ESC.
- ◆ Contract Term
 - The contract term will be for one (1) year starting from the date of the award. The contract may be renewed for up to four (4) additional one-year terms.
- ◆ Contract Waiver
 - Any waiver of any provision of this contract shall be in writing and shall be signed by the duly authorized agent of Region 14 ESC. The waiver by either party of any term or condition of this contract shall not be deemed to constitute waiver thereof nor a waiver of any further or additional right that such party may hold under this contract.
- ◆ Products and Services additions
 - Products and Services may be added to the resulting contract during the term of the contract by written amendment, to the extent that those products and services are within the scope of this RFP.
- ◆ Competitive Range
 - It may be necessary for Region 14 ESC to establish a competitive range. Responses not in the competitive range are unacceptable and do not receive further award consideration.
- ◆ Deviations and Exceptions
 - Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 14 ESC to award a vendor's complete line of products and/or services, when possible.
- ◆ Estimated Quantities
 - The estimated dollar volume of Products and Services purchased under the proposed Master Agreement is \$15 - \$30 million dollars annually. This estimate is based on the anticipated volume of Region 14 ESC and current sales within the NCPA program. There is no guarantee or commitment of any kind regarding usage of any contracts resulting from this solicitation
- ◆ Evaluation
 - Region 14 ESC will review and evaluate all responses in accordance with, and subject to, the relevant statutes, ordinances, rules and regulations that govern its procurement practices. NCPA will assist the lead agency in evaluating proposals. Recommendations for contract awards will be based on multiple factors, each factor being assigned a point value based on its importance.

- ◆ Formation of Contract
 - A response to this solicitation is an offer to contract with Region 14 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is accepted by Region 14 ESC. The prospective vendor must submit a signed Signature Form with the response thus, eliminating the need for a formal signing process.
- ◆ NCPA Administrative Agreement
 - The vendor will be required to enter and execute the National Cooperative Purchasing Alliance Administration Agreement with NCPA upon award with Region 14 ESC. The agreement establishes the requirements of the vendor with respect to a nationwide contract effort.
- ◆ Clarifications / Discussions
 - Region 14 ESC may request additional information or clarification from any of the respondents after review of the proposals received for the sole purpose of elimination minor irregularities, informalities, or apparent clerical mistakes in the proposal. Clarification does not give respondent an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision. After the initial receipt of proposals, Region 14 ESC reserves the right to conduct discussions with those respondent's whose proposals are determined to be reasonably susceptible of being selected for award. Discussions occur when oral or written communications between Region 14 ESC and respondent's are conducted for the purpose clarifications involving information essential for determining the acceptability of a proposal or that provides respondent an opportunity to revise or modify its proposal. Region 14 ESC will not assist respondent bring its proposal up to the level of other proposals through discussions. Region 14 ESC will not indicate to respondent a cost or price that it must meet to neither obtain further consideration nor will it provide any information about other respondents' proposals or prices.
- ◆ Multiple Awards
 - Multiple Contracts may be awarded as a result of the solicitation. Multiple Awards will ensure that any ensuing contracts fulfill current and future requirements of the diverse and large number of participating public agencies.
- ◆ Past Performance
 - Past performance is relevant information regarding a vendor's actions under previously awarded contracts; including the administrative aspects of performance; the vendor's history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the vendor's businesslike concern for the interests of the customer.

Evaluation Criteria

- ◆ Pricing (40 points)
 - Electronic Price Lists
 - Products, Services, Warranties, etc. price list
 - Prices listed will be used to establish both the extent of a vendor's product lines, services, warranties, etc. available from a particular bidder and the pricing per item.

 - ◆ Ability to Provide and Perform the Required Services for the Contract (25 points)
 - Product Delivery within participating entities specified parameters
 - Number of line items delivered complete within the normal delivery time as a percentage of line items ordered.
 - Vendor's ability to perform towards above requirements and desired specifications.
 - Quantity of line items available that are commonly purchased by the entity.
 - Quality of line items available compared to normal participating entity standards.

 - ◆ References (15 points)
 - A minimum of ten (10) customer references for product and/or services of similar scope dating within past 3 years

 - ◆ Technology for Supporting the Program (10 points)
 - Electronic on-line catalog, order entry use by and suitability for the entity's needs
 - Quality of vendor's on-line resources for NCPA members.
 - Specifications and features offered by respondent's products and/or services

 - ◆ Value Added Services Description, Products and/or Services (10 points)
 - Marketing and Training
 - Customer Service
-

Tab 2 – NCPA Administration Agreement

This Administration Agreement is made as of July 16th, 2012, by and between National Cooperative Purchasing Alliance (“NCPA”) and Landscape Structures Inc. (“Vendor”).

Recitals

WHEREAS, Region 14 ESC has entered into a certain Master Agreement dated July 16th, 2012, referenced as Contract Number NCPA 10-01, by and between Region 14 ESC and Vendor, as may be amended from time to time in accordance with the terms thereof (the “Master Agreement”), for the purchase of Playground Equipment, Surfacing, Site Furnishings, and Related Products/Services;

WHEREAS, said Master Agreement provides that any state, city, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution, other government agency or nonprofit organization (hereinafter referred to as “public agency” or collectively, “public agencies”) may purchase products and services at the prices indicated in the Master Agreement;

WHEREAS, NCPA has the administrative and legal capacity to administer purchases under the Master Agreement to public agencies;

WHEREAS, NCPA serves as the administrative agent for Region 14 ESC in connection with other master agreements offered by NCPA

WHEREAS, Region 14 ESC desires NCPA to proceed with administration of the Master Agreement;

WHEREAS, NCPA and Vendor desire to enter into this Agreement to make available the Master Agreement to public agencies on a national basis;

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, NCPA and Vendor hereby agree as follows:

◆ General Terms and Conditions

- The Master Agreement, attached hereto as Tab 1 and incorporated herein by reference as though fully set forth herein, and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement.
- NCPA shall be afforded all of the rights, privileges and indemnifications afforded to Region 14 ESC under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to NCPA under this Agreement including, but not limited to, the Vendor’s obligation to provide appropriate insurance and certain indemnifications to Region 14 ESC.
- Vendor shall perform all duties, responsibilities and obligations required under the Master Agreement in the time and manner specified by the Master Agreement.
- NCPA shall perform all of its duties, responsibilities, and obligations as administrator of purchases under the Master Agreement as set forth herein, and Vendor acknowledges that NCPA shall act in the capacity of administrator of purchases under the Master Agreement.
- With respect to any purchases made by Region 14 ESC or any Public Agency pursuant to the Master Agreement, NCPA (a) shall not be construed as a dealer, re-marketer, representative, partner, or agent of any type of Vendor, Region 14 ESC, or such Public Agency, (b) shall not be obligated, liable or responsible (i) for any orders made by Region

14 ESC, any Public Agency or any employee of Region 14 ESC or Public Agency under the Master Agreement, or (ii) for any payments required to be made with respect to such order, and (c) shall not be obligated, liable or responsible for any failure by the Public Agency to (i) comply with procedures or requirements of applicable law, or (ii) obtain the due authorization and approval necessary to purchase under the Master Agreement. NCPA makes no representations or guaranties with respect to any minimum purchases required to be made by Region 14 ESC, any Public Agency, or any employee of Region 14 ESC or Public Agency under this Agreement or the Master Agreement.

- The Public Agency participating in the NCPA contract and Vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the Public Agency and Vendor. NCPA, its agents, members and employees shall not be made party to any claim for breach of such agreement.

◆ **Term of Agreement**

- This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the obligation to pay all amounts owed by Vendor to NCPA through the termination of this Agreement and all indemnifications afforded by Vendor to NCPA shall survive the term of this Agreement.

◆ **Fees and Reporting**

- Vendor shall pay to NCPA a monthly/quarterly administrative fee based upon the total purchase price paid to Vendor for the sale of products and/or services pursuant to the Master Agreement based upon tiered fee schedule below. Vendor’s annual sales shall be measured on a calendar year basis.

<u>Annual Sales Through Contract</u>	<u>Administrative Fee</u>
0 - \$50,000,000	2%
\$50,000,001 - \$100,000,000	1.75%
\$100,000,001 - \$150,000,000	1.5%
\$150,000,001 - \$200,000,000	1.25%
\$200,000,001 - \$500,000,000	1%
\$500,000,001 - \$1,000,000,000	0.75%
\$1,000,000,000+	0.5%

- Supplier shall maintain an accounting of all purchases made by Public Agencies under the Master Agreement. NCPA and Region 14 ESC reserve the right to audit the accounting for a period of four (4) years from the date NCPA receives the accounting. In the event of such an audit, the requested materials shall be provided at the location designated by Region 14 ESC or NCPA. In the event such audit reveals an underreporting of Contract Sales and a resulting underpayment of administrative fees, Vendor shall promptly pay NCPA the

amount of such underpayment, together with interest on such amount and shall be obligated to reimburse NCPA's costs and expenses for such audit.

- The awarded vendor shall electronically provide NCPA with a detailed monthly or quarterly report showing the dollar volume of all sales under the contract for the previous month or quarter. Reports shall be sent via e-mail to NCPA offices at reporting@ncpa.us. Reports are due on the **fifteenth (15th)** day after the close of the previous month or quarter. It is the responsibility of the awarded vendor to collect and compile all sales under the contract from participating members and submit one (1) report. The report shall include at least the following information as listed in the example below:

Vendor Name

NCPA Report

Month or Quarter

Entity Name	Zip Code	State	PO or Job #	Sale Amount

Total _____

◆ **General Provisions**

- This Agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.
- Awarded vendor agrees to allow NCPA to use their name and logo within website, marketing materials and advertisement. Any use of NCPA name and logo or any form of publicity regarding this contract by awarded vendor must have prior approval from NCPA.
- If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any administrative fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which such party may be entitled.
- Neither this Agreement nor any rights or obligations hereunder shall be assignable by Vendor without prior written consent of NCPA. Any assignment without such consent will be void.
- This Agreement and NCPA's rights and obligations hereunder may be assigned at NCPA's sole discretion, to an existing or newly established legal entity that has the authority and capacity to perform NCPA's obligations hereunder
- All written communications given hereunder shall be delivered to the addresses as set forth below.

 - Yes No
- Vendor will provide additional discounts for purchase of a guaranteed quantity.
 - Yes No

- ◆ Cooperatives

- List any other cooperative or state contracts currently held or in the process of securing.

Cooperative/State Agency	Discount Offered	Expires	Annual Sales Volume
--------------------------	------------------	---------	---------------------

Tab 4 – Vendor Profile

For the following questions,
see attached responses.

Please provide the following information about your company:

- ◆ Company's official registered name.
- ◆ Brief history of your company, including the year it was established.
- ◆ Company's Dun & Bradstreet (D&B) number.
- ◆ Company's organizational chart of those individuals that would be involved in the contract.
- ◆ Corporate office location.
 - List the number of sales and services offices for states being bid in solicitation.
 - List the names of key contacts at each with title, address, phone and e-mail address.
- ◆ Define your standard terms of payment.
- ◆ Who is your competition in the marketplace?
- ◆ Provide Annual Sales for last 3 years broken out into the following categories:
 - Cities / Counties
 - K-12
 - Higher Education
 - Other government agencies or nonprofit organizations
- ◆ What differentiates your company from competitors?
- ◆ Describe how your company will market this contract if awarded.
- ◆ Describe how you intend to introduce NCPA to your company.
- ◆ Describe your firm's capabilities and functionality of your on-line catalog / ordering website.
- ◆ Describe your company's Customer Service Department (hours of operation, number of service centers, etc.)
- ◆ Green Initiatives
 - As our business grows, we want to make sure we minimize our impact on the Earth's climate. We are taking every step we can to implement innovative and responsible environmental practices throughout NCPA to reduce our carbon footprint, reduce waste,

energy conservation, ensure efficient computing and much more. To that effort we ask respondents to provide their companies environmental policy and/or green initiative.

◆ Vendor Certifications (if applicable)

- Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing respondent to perform the covered services including, but not limited to, licenses, registrations, or certifications. Certifications can include M/WBE, HUB, and manufacturer certifications for sales and service.

Tab 4 – Vendor Profile

- **Company’s official registered name.** Landscape Structures Inc.
- **Brief history of your company, including the year it was established.** Landscape Structures Inc. was founded in 1971 by Barb and Steve King and is headquartered in Delano, MN. Quickly becoming one of the leading commercial playground equipment manufacturers in the world, Landscape Structures currently has more than 300 employees and a global network of sales representatives who are all singularly committed to creating healthy, sustainable communities. The employee-owned company has a long, rich history of creating innovative products with incredible safety features and exciting play experiences for children of all abilities.

Company Facts

- Incorporated in the State of Minnesota on April 28, 1971
- Company structure: Privately held, ESOP (employee-owned)

- **Corporate office location.** 601 7th Street South, Delano, MN 55328
 - List the number of sales and services offices for states being bid in solicitation. 32
 - List the names of key contacts at each with title, address, phone and e-mail address.
See attached *Local Service Organization Offices*
- **Define your standard terms of payment.** Net 30 days from invoice date
- **Who is your competition in the marketplace?**
Major competitors are Gametime, Miracle Recreation Equipment Company, Playworld Systems, BCI Burke, Little Tykes Commercial, and Park & Play Systems
- **Provide Annual Sales for last 3 years broken out into the following categories:**
 - Cities/Counties
 - K-12
 - Higher Education
 - Other government agencies or nonprofit organizations

- **What differentiates your company from competitors?**
There are many things that distinguish Landscape Structures from our competitors including manufacturing excellence, the highest quality product, and product innovation. Our biggest value to our customers is total cost of ownership: our product is built to last. We have an unparalleled commitment to inclusive play. We have capabilities like no other manufacturer to provide custom solutions to playground projects, an emerging trend in our industry. As an ESOP organization, the biggest differentiation Landscape Structures has is our people – a culture of ownership, pride, and continuous improvement.
- **Describe how your company will market this contract if awarded.**
Upon contract award, our immediate plan includes notification to our rep network, co-branded press releases and social media announcements, presence on our website and intranet providing links and all pertinent contract details and information. Within the first three months of the contract award, we would conduct sales force training through webinars, intranet communication, and personal training sessions one-on-one with various rep organizations. In addition we would advertise in all of our current trade publications and promote at all applicable trade shows. We would offer a direct mail and / or email campaign to our rep network to push out to their individual territories and markets.

The most effective way to demonstrate NCPA contract benefits is to first have a good relationship with a customer who wants to buy our product. The greatest value to the customer comes when we can then show them a way to save time and money, avoid the bid process, and get the product they want by purchasing through NCPA. Our ongoing efforts to demonstrate benefits include providing good local references and case studies where NCPA has proved to be of benefit to a customer.

Landscape Structures would include the NCPA logo on our ads in publications that existing government customers subscribe to such as *Park and Recreation Magazine*, *Recreation Management*, *Principal* and *American School Business Journal*. We would also ensure visibility, accuracy and completeness of the NCPA agreement and partnership on our corporate website. We would provide links from our home page to NCPA landing page.

Our comprehensive marketing plan would focus on several key government entities. We would review this plan each year and adjust contacts, market segments and efforts as needed based on current economic trends. Our plan also includes:

- a. Attendance, booth presence and sponsorship at key national trade shows

- b. Marketing and product support to our national sales force for attendance at key state and regional government trade shows
 - c. Advertising in key trade publications that reach these markets
 - d. A focus on the school market that includes direct marketing campaigns including mailers and email campaigns
 - e. Work closely with sales force to create campaigns targeted at local and state government customers in their territories
- **Describe how you intend to introduce NCPA to your company.**

Sales force education and engagement is critical to contract success. The average tenure of our national sales force with Landscape Structures is 15 years. Most of the rep organizations have a solid base of knowledge and understanding of national purchasing programs. They have embraced the use of buying contracts and consistently promote to their customers. Our training plan will include, but is not limited to:

 - a. Announce and communicate NCPA contract agreement details through our established rep communication channels
 - b. Conduct training sessions for new reps and rep organizations at our quarterly in-house training academy, Play U
 - c. Provide presentations and other general marketing materials to reps
 - d. Conduct webinars to communicate benefits of NCPA as a contract tool
 - e. Conduct webinars with sales force to share best practices and selling strategies
 - f. Invite NCPA Program Managers to attend our annual sales meeting and/or regional sales meetings as their schedules allow to further reinforce relationships and program promotion
 - **Describe your firm's capabilities and functionality of your on-line catalog/ordering website.**

While our complete catalog is offered for review on-line, we do not offer on-line ordering. We believe that due to the nature of our business and complexity of our product line, our customers are best served with a consultative personal approach. Our playground consultants offer full service to complete a project from site preparation to installation and help to simplify the ordering process.

On-line resources – The information on our nearly 1,000 page website compliments our position as the thought leader in the park and playground industry. Not only will you find our comprehensive product lines with features and benefits, but relevant industry news and information. We offer a step-by-step planning checklist that will help guide you from the beginning stages of defining your objective for the new playground to choose equipment and surfacing, all the way through installation and maintenance. The website also contains self-service applications like our Find Playground Designs, where you can browse playground ideas to get you started and Visit a Playground feature where you can see some of our playgrounds near you to check out our quality and innovation first hand. Through regular usability studies to our web users, we stay in touch with what is important and deliver up-to-date and relevant information. The website allows you to do as much research as you need and prefer and then our consultants are available to work with you at any point in the process.
 - **Describe your company's Customer Service Department (hours of operation, number of service centers, etc.)**

Landscape Structures has 32 independent local sales companies. The hours of operation vary between local offices but are typically 8:00 a.m. to 5 p.m., Monday through Friday. Many offices have personnel available for early morning, evening or weekend appointments to accommodate the end user.

At Landscape Structures' corporate office our client services representatives are available from 7 a.m. to 6 p.m. CST, Monday through Friday. Furthermore, our contact center representatives are available from 7:30 a.m. to 5 p.m. CST, Monday through Friday. We also offer a toll-free hotline for installation questions 24 hours a day, 7 days a week.
 - **Green Initiatives**

Landscape Structures Commitment to Sustainability

Environmental Objectives

- Reduce energy and water usage
- Reduce scrap versus 2011
- Reduce paper usage
- Reduce impacts of transportation of products and services
- Engage all employees in our sustainability journey
- Develop materials for playground components that are sustainable and environmentally friendly

We received our certification to the ISO 14001:1996 standard in 1998 and to the updated 14001:2004 standard in 2005. An independent third party audits Landscape Structures twice a year to ensure we maintain our certifications. We are the first U.S. playground manufacturer to achieve ISO certification, and the seventh company in the state of Minnesota to do so. ISO 14001:2004 drives us toward operating in a manner that is environmentally conscious.

Landscape Structures offers an IACET approved CEU seminar to our customers called *Environmentally Preferable Playground Purchasing*.

We have been the recipient of environmental awards:

- Landscape Structures received the Green Award, which honors businesses that practice environmental responsibility, at Minnesota's 2008 Tekne Awards.
- In September 2006, Landscape Structures was recognized as a Minnesota Waste Wise Leader for outstanding waste reduction and recycling efforts

See attached *Building Environmentally Preferable Playground Products through One-Playground Flow Manufacturing and Commitment to Sustainability*.

• **Vendor Certifications (if applicable)**

Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing respondent to perform the covered services including, but not limited to licenses, registrations or certifications. Certifications can include applicable M/WBE, HUB, and manufacturer certifications for sales and service.

Landscape Structures is authorized to sell products in all 50 states. We currently hold contractor's licenses in the states of Alabama, Arizona, California, Hawaii, Louisiana, Maryland, Mississippi, New Jersey, New Mexico, Tennessee, and Washington.

Landscape Structures is a member in good standing with NRPA, IPEMA

Steve King, Chairman and cofounder. Steve created Landscape Structures in 1971. Steve serves as a committee member for ASTM, and is certified by NRPA as a Certified Playground Safety Inspector.

Procedure to be used by an End User requiring repairs

End Users requiring repairs would contact Landscape Structures or their local representative. If the End User requires assistance identifying the required replacement parts or service needed, the local representative or a certified installer may visit the site to help determine the needed parts.

Once the parts are identified, they are ordered and shipped directly to the End User. If installation of the parts is required, the local representative may be able to assist and/or provide the services of a local manufacturer-certified playground installer.

Typical turn-around time on repairs

Landscape Structures replacement parts for all playsystems are available for a minimum of 15 years. Most replacement standard hardware and common parts can be shipped within 24 to 48 hours of processing the request. Other standard parts can be shipped within two to seven days depending on the item. Custom replacement parts may take six to eight weeks.

Landscape Structures will provide replacements that are identical to the original equipment except for situations where the original product has been redesigned for safety or conformance reasons. In these situations Landscape Structures will provide replacements that are similar in form, fit and function.

Landscape Structures maintains records for all customer orders for a period of over 25 years. Our archived records include all documentation of orders including customer purchase orders, playground layout drawings, order acknowledgements, invoices, shipment documents and more.

Service department days and hours of operation

Hours of operation vary between local offices but are typically 8:00 a.m. to 5 p.m., Monday through Friday. Many offices have personnel available for early morning, evening or weekend appointments to accommodate the End User.

Landscape Structures Client Services Representatives are available from 7 a.m. to 6 p.m. Central Time, Monday through Friday. Furthermore, our Contact Center representatives are available from 7:30 a.m. to 5 p.m. CST, Monday through Friday. We also offer a toll-free hotline for installation questions 24 hours a day, 7 days a week.

Number of qualified / factory trained personnel normally on hand

Landscape Structures has 2 dedicated Installation Technicians on staff as well as the experience of our product development team of 28 people. We have more than 100 independent certified installer organizations available across the country as well as experienced staff in all our independent representatives' offices.

Description of the parts inventory on hand

Adequate supplies of hardware are kept in stock. Other common parts are manufactured to order in 1-2 days. Custom parts may take 6 – 8 weeks.

Training services, facilities and personnel available

Landscape Structures hosts a bi-annual installers forum for our certified installers to keep them current with new product updates, product changes, industry changes, and safety regulations, as well as providing hands-on training with factory personnel.

Landscape Structures can also provide installation instructions, maintenance documents, inspection checklists and maintenance materials including touch up paint, sand paper, emery cloth and graffiti remover for most playstructure orders sold within the past 20 years.

One-on-one maintenance training is available to the End User's maintenance personnel. Each structure comes with a custom maintenance kit designed to help keep their playstructure fully functional for many years and reduce the number of repairs needed. The custom maintenance kit comes with step-by-step diagrams and instructions for only the parts/system you purchased. The kit also includes the playground plan, inspection worksheets, maintenance instructions, parts list and warranty.

Local Service Organization Offices

(Reference for Tab 4 Sales and Service Locations)

Facility locations, phone numbers and service manager names

Facility Location: 601 7th Street S
Delano, MN 55328
763-972-3391
800-328-0035
Service Manager: Jane Jenewein

Local Sales Representatives:

We offer distribution outlets in all 50 states and Guam through our authorized distributors.

Each representative organization has a number of support centers throughout their specific territories to provide fast, local service to customers.

Landscape Structures maintains records for all customer orders for a period of over 25 years. Our archived records include all documentation of orders including customer purchase orders, playground layout drawings, order acknowledgements, invoices, shipment documents and more.

Service department days and hours of operation

Hours of operation vary between local offices but are typically 8:00 a.m. to 5 p.m., Monday through Friday. Many offices have personnel available for early morning, evening or weekend appointments to accommodate the End User.

Landscape Structures Client Services Representatives are available from 7 a.m. to 6 p.m. Central Time, Monday through Friday. Furthermore, our Contact Center representatives are available from 7:30 a.m. to 5 p.m. CST, Monday through Friday. We also offer a toll-free hotline for installation questions 24 hours a day, 7 days a week.

Number of qualified / factory trained personnel normally on hand

Landscape Structures has 2 dedicated Installation Technicians on staff as well as the experience of our product development team of 28 people. We have more than 100 independent certified installer organizations available across the country as well as experienced staff in all our independent representatives' offices.

Description of the parts inventory on hand

Adequate supplies of hardware are kept in stock. Other common parts are manufactured to order in 1-2 days. Custom parts may take 6 – 8 weeks.

Training services, facilities and personnel available

Landscape Structures hosts a bi-annual installers forum for our certified installers to keep them current with new product updates, product changes, industry changes, and safety regulations, as well as providing hands-on training with factory personnel.

Landscape Structures can also provide installation instructions, maintenance documents, inspection checklists and maintenance materials including touch up paint, sand paper, emery cloth and graffiti remover for most playstructure orders sold within the past 20 years.

One-on-one maintenance training is available to the End User's maintenance personnel. Each structure comes with a custom maintenance kit designed to help keep their playstructure fully functional for many years and reduce the number of repairs needed. The custom maintenance kit comes with step-by-step diagrams and instructions for only the parts/system you purchased. The kit also includes the playground plan, inspection worksheets, maintenance instructions, parts list and warranty.

Building Environmentally Preferable Playground Products through One-Playground Flow Manufacturing

“The foremost environmental protection is to design and produce products that last and perform for a very long time.”

- Steve King, Cofounder and Chairman, Landscape Structures Inc.

Design

- Each person involved in the design and production of the playstructure is an owner of the company, and quality and environmental stewardship are integral parts of our culture
- Evos® product: No PVC and provides a 30 percent smaller carbon footprint than traditional playstructures

Manufacturing

- Independently verified greenhouse gas accounting
- Green Boards track the environmental aspects and impacts of each stage of production and document improvements made to reduce these impacts
- Steel and aluminum arrive cut to length to eliminate waste
- High-efficiency light fixtures to reduce energy use
- Recapture and use heat energy from curing oven
- Industry-leading recycling rates for all manufacturing waste

Packaging

- Individualized, custom installation documents – no wasted pages
- Automated wrapping to reduce waste
- Most packaging materials are recyclable and are provided with recycling instructions

Transportation

- Whenever possible, playground equipment shipments will be pooled to conserve the use of fossil fuels and limit the production of greenhouse gases

Post-Installation

- Conduct post-installation walk-through with client

Commitment to Sustainability

Environmental Objectives

- Reduce energy and water usage
- Reduce scrap
- Reduce paper usage
- Reduce impacts of transportation of products and services
- Engage all employees in our sustainability journey
- Develop materials for playground components that are sustainable and environmentally friendly

ISO 9001:2000 and ISO 14001:2004

ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). Its purpose is to promote common standards for businesses worldwide. Our customers can purchase from Landscape Structures with confidence, because we have the processes in place to manufacture a quality product while being conscious of how we are impacting the environment.

Landscape Structures received its certification to the ISO 9001:1994 standard in 1996 and to the updated ISO 9001:2000 standard in 2003. We received our certification to the ISO 14001:1996 standard in 1998 and to the updated 14001:2004 standard in 2005. An independent third party audits LSI twice a year to ensure we maintain our certifications. We are the first U.S. playground manufacturer to achieve ISO certification, and the seventh company in the state of Minnesota to do so.

- ISO 9001:2000 has a process-oriented structure, is customer focused and emphasizes continuous improvement in quality.
- ISO 14001:2004 drives us toward operating in a manner that is environmentally conscious.

Both standards provide guidelines for establishing and sustaining our quality and environmental management programs.

Sustainability Plan

1. Sustainability has always been an important part of the culture at Landscape Structures. It's built into our mission: To enhance children's lives by fostering and creating inspiring play experiences while honoring the environment. Following are some environmental programs and processes that we've put in place:
 - In 1998, became certified to ISO 14001 for environmental stewardship
 - In 2008, Landscape Structures trained all of our employees on the sustainability planning framework, The Natural Step, and have incorporated The Natural Step into our business planning.

- Since 2008, to help offset the energy used in the manufacturing process of our playgrounds and skateparks, Landscape Structures has partnered with Global ReLeaf® to plant trees.
- Throughout our facilities, we've implemented Green Boards to communicate progress on sustainability projects and share ideas for future initiatives.
- We partner with a supplier to recycle most of the packaging materials used in our shipments.
- As part of our Learning Academy, we created a Continuing Education Curriculum on Environmentally Preferable Playground Purchasing to share with landscape architects and parks and recreation professionals.
- Landscape Structures also supports environmental initiatives of the playground industry. We are a proud sponsor of the Sustainable Sites Initiative, which develops standards to measure the sustainability of designed landscapes.
- With the help of the National Recreation and Park Association, we conducted a study on environmental stewardship within parks and recreation agencies across the country.
- During the holiday season, Landscape Structures instituted a community recycling program for holiday lights that removed 600 strings of holiday lights from the landfill waste stream and replaced them with energy-saving LED bulbs. This initiative helped reduce electricity use by nearly 32,000 watts per day when the lights were in use.
- We recycle ink and toner cartridges through a manufacturer program that donates proceeds to local schools.
- We adopted the Johnson Trail and Maple Knoll Park in the Delano, Minn., Adopt a Trail and Adopt a Park program, and departments take turns in cleaning up the spaces.
- The Live Green team provided employees with programs and educational sessions aimed at implementing sustainable practices at home. Among the topics: *Composting at Home and Becoming an Environmentally Conscious Consumer*.
- Bicycles were provided for employees to use on lunch breaks to minimize use of cars.

Additionally, we are committed to sharing our environmental goals and commitments with our customers, playground consultants, employees, suppliers and the local community. In 2010, we created our first Corporate Sustainability Report. Our hope is that the Sustainability Report brings new energy to our sustainability planning and pushes us to achieve a higher level of environmental stewardship.

2. Landscape Structures has developed *Goals for a Better Planet* to focus our environmental management practices on specific facets of operations: reducing greenhouse gas

emissions, energy consumption, water use, paper and packaging use, and waste generation. These goals establish three-year time horizons for tracking each metric. The following chart presents our long-term 2012 environmental goal for each category and summarizes 2009 data pertaining to each environmental performance metric. Performance data for GHG production, electricity use, natural gas use and water use have been normalized to per routed hour basis. Given the advanced stage of our environmental management systems, it will not be an easy task to reach these goals. Only through the concerted efforts of all of our employees will we continue to achieve real progress in reducing our impact on the environment.

Category	Performance – 2009	2012 Year-End Goal
GHG Production <i>Reduce greenhouse gas production from company operations by 10%</i>	.058 tons CO ₂ e/Labor Hour	10% reduction
Electricity <i>Reduce electricity use from company operations by 12%</i>	.01467 kWh/Labor Hour	12% reduction
Natural Gas <i>Reduce consumption of natural gas in company operations by 8%</i>	.15146 Therms/Labor Hour	8% reduction
Water <i>Reduce consumption of water in company operations by 12%</i>	48 Gallons/Labor Hour	12% reduction
Waste – Compacted <i>Reduce the production of compacted trash by 6%</i>	33.4 tons of compacted trash	6% reduction
Waste – General <i>Reduce the production of general waste by 8%</i>	25 pulls of 4-yard dumpsters 25 pulls of 8-yard dumpsters	8% reduction 8% reduction
Transportation Saved (Domestic) <i>Increase by 6% the number of miles saved by pooling shipments in one truckload</i>	104,614 Miles – Pooling	6% increase
Paper, marketing use (printed internally) <i>Reduce the paper use for marketing use, printed internally, by 10%. Increase the proportion of 30% post-consumer recycled content paper used by 10 percentage points</i>	1,158,000 Total Sheets 55.3% of the total was 30% post-consumer recycled content	10% reduction + 10 percentage points

Paper, marketing materials (printed externally) <i>Reduce paper use for marketing materials printed externally by 10%</i>	277,000 Total Sheets All of this paper was 10% post-consumer recycled content	6% reduction
------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------	--------------

- Landscape Structures is continuously making investments into our programs, processes and partnerships to provide the most environmentally preferable products to customers. Since 1998, our manufacturing facilities have been continuously certified to ISO 14001 Environmental Management System, nearly a decade before any other playground equipment manufacturer in the U.S. This third-party system allows us to apply continuous improvement programs to our environmental performance. As part of this program, we conduct independent semi-annual surveillance audits and submit to independent re-certification audits of our compliance and management systems every three years.

Through nearly a decade of implementing our continuous improvement programs in lean manufacturing, we have achieved industry-leading utilization rates for all three primary materials we use in manufacturing: steel, aluminum and plastic. Although we generate very little scrap in our manufacturing, you will be pleased to know that we recycle 100 percent of our scrap steel and aluminum and 98 percent of our scrap plastic.

In 2009, we also became a member of The Climate Registry, a nonprofit organization that has established consistent, transparent standards for calculating, verifying and reporting carbon footprints for businesses and governments. We are the only playground equipment company to report our greenhouse gas production in a transparent and independently verifiable manner. As a member, we must comply with the Registry's requirements to report on our GHG emissions (CO₂, CH₄, N₂O, HFCs, PFCs and SF₆) at each of our manufacturing facilities on an annual basis.

Additionally, we partner, support and are members of key organizations that help further our environmental efforts. In 2008, we began a program to directly offset the CO₂ we produce in the manufacturing of our playsystems and skateparks through a partnership with American Forests and their Global ReLeaf® program. Since its inception, we have planted more than 40,000 trees, which, through the processes of photosynthesis, will not only remove CO₂ from our atmosphere but also release oxygen.

Landscape Structures was the first product manufacturer to commit financial support to The Sustainable Sites Initiative in 2008, an interdisciplinary effort by the American Society of Landscape Architects (ASLA), the Lady Bird Johnson Wildflower Center and the United States Botanic Garden, to create voluntary national guidelines and performance benchmarks for sustainable land design, construction and maintenance practices.

We are a proud member of the USGBC, a 501(c)3 non-profit that is committed to a prosperous and sustainable future for our nation through cost-efficient and energy-saving green buildings. Through the USGBC we learn sustainability best practices that we can apply to managing our existing facilities and designing new ones. Through the USGBC we also discover new environmentally preferable materials that we can incorporate into our designs for new and existing products.

4. Landscape Structures has a group of eight employees (along with an outside consultant), who coordinate and facilitate our environmental initiatives. We call them the Green Team. They meet on a quarterly basis to stay updated on initiatives that have already been put in place, and discuss new ideas to implement.
5. Landscape Structures believes that honoring the environment is one of the best things we can do for children. That's why the Evos® and Weevos® playsystems were designed. They minimize their manufacturing impact on the environment, and provide a 30 percent smaller carbon footprint than traditional playstructures for Evos, and 17 percent smaller for Weevos.

In 2010, we introduced new recycled Permalene® panels, which are created from recycled, colored plastic household containers—waste materials that would otherwise end up in landfills—and offer a post-consumer recycled content of 73 percent. And, the recycled panels are just as strong and durable as our original Permalene material.

Through nearly a decade of implementing our continuous improvement programs in lean manufacturing, we have processes in place to help reduce our waste and we're continually finding new ways to improve. And although we generate very little scrap in our manufacturing, we recycle 100 percent of our scrap steel and aluminum and 98 percent of our scrap plastic.

Additionally, our products are made of recycled material including post-consumer recycled material, and are 100 percent recyclable at the end of their life.

We're Closing the Loop!

Recycled/Reclaimed Materials Used in LSI Products

Material Used	Common Products Affected	% Used	Recyclable*	% Pre-Consumer	% Post-Consumer	Total Recycled
Aluminum	Playstructure Posts, SuperScoop Buckets, Steering Wheel, Spring Riders, Track Rides	100%	Yes	90-100%	0%	90-100%
Aluminum Die Castings	Post Caps, Clamps	100%	Yes	0%	90%	90%
Steel Tubing	PVC Coated Tubing, Vertical Ladders, Roller-slide Rollers	100%	Yes	0%	100%	100%
Steel Sheet and Plate	Decks, Ramps, Brackets, Flanges	100%	Yes	20-30%	0-30%	20-30%
Steel Wire	Wire Barriers, Wire tunnels	100%	Yes	0%	100%	100%
Recycled Plastic	Plastic benches, Peak Roof, PV Strip, Plastic Decks and Walls	90%	Yes	0%	100%	90%
Injection Molded Plastic	Bottom Post Caps, Dowel Pins	100%	Yes	0%	100%	100%
Rotationally Molded Plastic	Slides, Roofs, and Hoods	100%	Yes	0%	0%	0%
Compression Molded Plastic	Activity Panels, Handholds	100%	Yes	0%	0%	0%
Blow Molded Plastic	TuffTimbers™	100%	Yes	0%	0%	0%
Rubber	TuffTurf® Tiles	83-94%	Yes	0%	100%	83-94%
Cardboard Boxes		99%	Yes	0-25%	0-25%	0-25%
Packaging Peanuts		100%	Biodegradable			

Landscape Structures Inc. is committed to "closing the loop" by using materials with the highest recycled/reclaimed content possible without jeopardizing the quality and durability of our products.

Members Area

IPEMA Membership is now open to equipment and surfacing manufacturers, as well as entities or individuals interested in promoting play and being involved in the industry.

Membership Benefits- [Associate Membership Benefits](#) & [Active Membership Benefits](#)

Certification

As a member of IPEMA, you receive discounts on certification. In addition, you receive certification updates and news FIRST.

Legislative Advocacy & Lobbyist Services

IPEMA retains the services of a lobbyist to monitor National & State Legislature and notify us on any matters that will affect our industry. Our lobbyist also works on our behalf to introduce legislation for consideration. IPEMA contacts members to request contact with Legislators on specific bills that are under consideration and affect our industry. When necessary, IPEMA calls on the membership to contact their State Senator or Representative to voice their opinion on a specific matter that is about to be voted on. Grassroots support to the legislature is very effective!

Newsletter & Website Exposure

In 2007, IPEMA began to distribute a quarterly newsletter, which is filled with up-to-date information for industry members including technical articles, legislative information, association updates, upcoming events, and much more. The IPEMA website provides members with a listing, research and education articles, upcoming events, links to other industry sites, and more. In addition, IPEMA began the Voice of Play initiative and website (www.voiceofplay.com). This website promotes the overall value of play to consumers and links them to the IPEMA website.

Public Relations

IPEMA currently works with a public relations firm to promote the value of play to the public, park and recreation officials, schools, etc. As a member, you benefit from the promotion of IPEMA and IPEMA certified products. In addition, as a member of IPEMA, you receive a one-time FREE box of the "Value of Play" brochure to distribute to your clients. They are then available for sale.

NRPA Exposure

IPEMA participates in NRPA each year to promote IPEMA members and IPEMA certified equipment and surfacing to Park and Recreation officials.

Business-to-Business Networking Opportunities

As an association, IPEMA offers a multitude of networking opportunities. These include membership meetings at ASTM at least 3 times a year and a social at NRPA each year. All members have the opportunity to participate in IPEMA events, membership committees and more! These opportunities give members the chance to network and learn from industry peers.

Quarterly Sales Reports

As a member of IPEMA, you have the opportunity to participate in and receive quarterly sales reports.

ECHO Credit Card Processing

IPEMA currently partners with Electronic Clearing House, Inc. (*ECHO*), a NASDAQ listed company that has been providing credit card and check processing services for over 25 years. In an age of increasing technology and consumer use of credit cards, IPEMA strongly believes that affordable and reliable merchant services is important to today's manufacturers.

Mailing Labels

Entity members at the associate level of membership receive one set of IPEMA member mailing labels a year. You may use these to communicate with industry manufacturers and organizations.

"Active Membership in the International Play Equipment Manufacturers Association shall be open to any firm, corporation, entity, or individual engaged in the manufacturing of play equipment and related products. Associate Membership in the International Play Equipment Manufacturers Association shall be open to any individual or entity that is involved in selling or utilizing play equipment and related products within the scope of their operation or employment, but not engaged in the manufacturing of play equipment and related products." (IPEMA Bylaws, Article IV, Section 1 & 2)

IPEMA members who are in good standing may use the IPEMA membership logo, as covered in the [logo usage policy](#). All members who do not participate in IPEMA's third party certification program may not use any of the IPEMA certification logos or use the membership logo in any advertisement or other media to suggest product certification.

To become a member of IPEMA, please download the [Application](#) then mail the completed application along with your first year's membership dues to:

**Orion Registrar, Inc., USA
Certificate of Registration**

This is to certify the Quality Management System of:

**Landscape Structures Inc.
601 7th Street South
Delano, Minnesota 55328
USA**

*Has been assessed by Orion Registrar and found to be in
compliance with the following Quality Standard:*

ISO 9001:2008

The Quality Management System is applicable to:

**Design and Manufacture of Playground and Skatepark Equipment including
Product Development, Pre-sale Design, Order Engineering, Manufacturing
(including: Fabrication, Welding, Powdercoat Painting, PVC Coating, CNC
Routing, Rotational Molding, GFRC), Assembly, Distribution, Manufacturing
Support, Sales and Marketing, Materials Management, Accounting,
Information Technology and Administrative Functions**

The Registration period is from November 29, 2011 to November 28, 2014.

*This registration is subject to the company maintaining its system to the
required standard, and applicable exceptions, which will be monitored by Orion.*

Client ID 00355-00001. Certificate ID A0000177-10

Tab 5 – Products and Services

- ◆ Respondent shall perform and provide these products and/or services under the terms of this agreement. The supplier shall assist the end user with making a determination of their individual needs.
 - ◆ The following is a list of suggested (but not limited to) Playground Equipment, Surfacing, Site Furnishings, and Related Products/Services categories. List all categories that you are responding with:
 - Playground Equipment
 - Complete Systems
 - Stand-alone activities
 - System Components
 - Replacement Parts
 - Related Accessories
 - Surfacing Materials
 - Site Furnishings
 - Benches
 - Picnic Tables
 - Planters
 - Related Site Furnishings
 - Services
 - Installation
 - Design
 - Layout
 - Repair and/or Maintenance
 - Removal
 - Disposal
 - Related Products
 - Shade Structures
 - Skate Parks
-

Tab 5 – Products and Services

Landscape Structures intends to offer our entire catalog offering. Price lists are included on enclosed CD.

Landscape Structures offering includes a 6% discount on Landscape Structures equipment orders up to \$80,000.

Landscape Structures will give an additional 2% discount on Landscape Structures equipment orders over \$80,000 (8% total discount).

Standard manufacturing lead time is two weeks from receipt of order on standard product, unlimited configurations, with no up charge. Expedited two-day lead time may be available upon request. Additional charges may apply. Lead time on custom product is determined at time of quote.

Freight is quoted on a “FOB Destination, freight prepaid and added” basis. Freight will be quoted to the customer prior to order from Landscape Structures' established freight charts or custom freight quote requested at time of equipment quote. See freight chart included on enclosed CD.

Landscape Structures can supply all the items listed on Tab 5 in the RFP as shown below either through our catalog offering on a discount basis or on a cost-plus basis with our network of certified installers and vendor relationships.

- Playground Equipment
 - Complete Systems
 - Stand---alone activities
 - System Components
 - Replacement Parts
 - Related Accessories
- Surfacing Materials
- Site Furnishings
 - Benches
 - Picnic Tables
 - Planters
 - Related Site Furnishings
- Services
 - Installation
 - Design
 - Layout
 - Repair and/or Maintenance
 - Removal
 - Disposal
- Related Products
 - Shade Structures
 - Skate Parks

Installation is offered on a percentage of the equipment list price, not-to-exceed basis. See installation chart by state on enclosed CD.

The following Landscape Structures products are quoted on a per project basis due to the variable nature of the products and the projects.

- Landscape Structures custom products

- PebbleFlex® safety surfacing
- AquaFlex® Waterplay Surfacing

Services necessary to provide turnkey project solutions are offered on a cost-plus basis and include, but are not limited to:

- Site work
- Grading
- Concrete work
- Tree removal
- Drainage solutions
- Other miscellaneous related services

Other products necessary to provide turnkey project solutions are offered on a cost-plus basis and include, but are not limited to:

- Poured-in-place rubber safety surfacing
- Engineered wood fiber safety surfacing
- Rubber safety surfacing tiles
- Sand
- Pea gravel
- Subbase
- Shelters
- Water play
- Site furnishings
- Other miscellaneous related products and services

Warranty and post-installation information is attached.

Landscape Structures product warranties are attached.

Landscape Structures will warranty the labor for one year on any project on which Landscape Structures has contracted to provide the installation. Per Landscape Structures standard product warranty, product warranty does not include installation to replace the warranted part.

Landscape Structures playground equipment complies with applicable standards. See attached compliance documents.

See attached Landscape Structures evidence of insurance. Project specific certificates will be provided upon customer request.

Landscape Structures written material specifications are attached.

Warranty and Post-Installation Support

Warranty

Landscape Structures was the first in our industry to provide a 100 year warranty. We became challenged with the various definitions of “lifetime warranty” as we frequently found it meant five years or less. We decided that since we were already standing behind our products, we would make sure our warranty truly reflects our approach. To this day, if the product does not perform as expected we will work with the customer to reach a fair resolution, regardless of our stated warranty.

- Complete 2012 warranty certificate is attached.
- Landscape Structures Inc. warrants that all playstructures and/or equipment sold will conform in kind and quality to the specifications set forth in the specifications manual for the products identified in the Acknowledgement of Order and will be free of defects in manufacturing and material.
- Most standard replacement hardware and other common parts can be shipped within 24 to 48 hours of Landscape Structures receiving and processing a warranty request. Other standard warranty parts can be shipped within two to seven days depending on the item.
- With few exceptions the useful life of our products exceeds their respective warranty period. Usually our customers decide to refresh their play areas with current offerings well before the product actually wears out. We developed a retrofit program just for this purpose. Of course, proper installation and maintenance are critical to extending the life of our products. Even though we have product in the field that is over 30 years old, we believe the average time before it is refreshed or replaced is 10 to 15 years.

Replacement Parts

Landscape Structures will provide replacements that are identical to the original equipment except for situations where the original product has been redesigned for safety or conformance reasons. In these situations Landscape Structures will provide replacements that are similar in form, fit and function.

- Most replacement standard hardware and other common parts can be shipped within 24 to 48 hours of processing a damaged or replacement part request. Other standard replacement parts can be shipped within two to seven days depending on the item. Custom or retrofit products orders may take six to eight weeks manufacturing. Exceptions are made with our quick ship program.
- Landscape Structures maintains records for all customer orders for a period of over 25 years. Our archived records include all documentation of orders including customer purchase orders, playground layout drawings, order acknowledgements, invoices, shipment documents and more.
- Landscape Structures can also provide installation instructions, maintenance documents, inspection checklists and maintenance materials including touch up paint, sand paper, emery cloth and graffiti remover for most playstructure orders sold within the past 20 years.
- Service calls will be answered by phone within 24 hours during normal business hours. Site visits will be arranged as needed.

Skatewave®

BY LANDSCAPE STRUCTURES INC.

Skatewave, by Landscape Structures Inc., ("Manufacturer") warrants that all components of the Skatewave modular skatepark systems will conform in kind and quality to the specifications set forth in the specifications sheet for products identified in the Acknowledgement of Order and will be free of defects in workmanship and material. As a further indication of our quality, Manufacturer:

- 15-Year Limited Warranty against structural failure due to corrosion/natural deterioration or manufacturing defects. This warranty does not include cosmetic issues or defects, wear and tear resulting from normal use of the product, misuse or abuse of the product.
- 15-Year Limited Warranty on TekTrak™ Coated Steel Surface against structural failure due to corrosion/natural deterioration or manufacturing defects. This warranty does not include cosmetic issues or defects, wear and tear resulting from normal use of the product, misuse or abuse of the product.

All the warranties commence on date of Manufacturer's invoice (Original Commencement Date). All warranties provided herein are nontransferable and are limited to the original purchaser. Should any failure to conform to the above express warranties appear within the applicable warranty period, Manufacturer shall, upon being notified in writing promptly after discovery of the defect and within the applicable warranty period, correct such nonconformity either by repairing any defective part or parts, or by making available a replacement part within 60 days of written notification. Manufacturer shall deliver repaired or replacement part or parts to the site free of charge, but will not be responsible for providing labor or the cost of labor for the removal of the defective part or parts, the installation of any replacement part or parts or for disposal costs of any part or parts. Repaired or replacement parts will be warranted for the balance of the original warranty period which started on the Original Commencement Date. Manufacturer's efforts to provide repaired or replacement parts will not act to either extend the warranties provided herein or alter the Original Commencement Date.

THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE.

THE REMEDIES HEREBY PROVIDED SHALL BE THE EXCLUSIVE AND SOLE REMEDIES OF THE PURCHASER. MANUFACTURER SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. MANUFACTURER NEITHER ASSUMES NOR AUTHORIZES ANY EMPLOYEE, REPRESENTATIVE OR ANY OTHER PERSON TO ASSUME FOR MANUFACTURER ANY OTHER LIABILITY IN CONNECTION WITH THE SALE OR USE OF THE STRUCTURES SOLD, AND THERE ARE NO ORAL AGREEMENTS OR WARRANTIES COLLATERAL TO OR AFFECTING THIS AGREEMENT.

The warranties stated above are valid only if the structures and or equipment are erected in conformance with Skatewave's installation instructions and maintained according to the maintenance procedures furnished by Skatewave; have been subjected to normal use for the purpose for which the goods were designed; have not been subject to misuse, abuse, negligence, vandalism, or accident; have not been subjected to addition or substitution of parts; and have not been modified, altered, or repaired by persons other than Manufacturer or Manufacturer's designees in any respect which, in the judgment of Manufacturer, affects the condition or operation of the structures.

To Whom It May Concern:

Landscape Structures Inc. has been actively involved with the ASTM (American Society for Testing and Materials) in the establishment and on-going updates to the F1487 Safety Standard (Consumer Safety Performance Specification for Playground Equipment for Public Use) for the design, manufacture, installation and maintenance of public playground equipment. We are also a charter member of the International Play Equipment Manufactures Association (IPEMA).

All products in our current PlaySense Catalog (©2010) have been tested and certified to be in compliance with the requirements of the ASTM F1487 Safety Standard. Our facilities, procedures and test results have been validated by an independent testing laboratory according to procedures set forth by the IPEMA. To verify compliance of all our play components, visit the IPEMA website at www.ipema.org.

It is our opinion we also conform to the U.S. Consumer Products Safety Commission's (CPSC) Handbook for Public Playground Safety published in 2010. Most of our playstructures are also designed to be in compliance with the ADA Accessibility Guidelines.

If you have any questions, please contact the undersigned.

Sincerely,

Landscape Structures Inc.

Tom Fitzpatrick
Product Compliance Engineer

Subscribed and sworn before me on this 16th day of January, 2012.

Subject: Skatewave

To: Whom It May Concern

The Skatewave 3.0 product line manufactured by Landscape Structures meets all of the technical requirements of ASTM F2334-09, which is the standard guide for above ground public use skatepark facilities. This standard includes requirements around materials used, the manufacturing of the product, various safety and performance requirements, as well as other aspects.

Sincerely,

A handwritten signature in black ink that reads 'Tom Fitzpatrick'.

Tom Fitzpatrick, P.E.
Product Compliance Engineer

Subscribed and sworn before me on this 16th day of January, 2012.

***Rates are a maximum allowable percentage under the contract.**

1. Minimum Installation Fee is \$5,000.00
2. To calculate Installation Fee:

$$\text{Multiply Total List Price of Equipment} \times \text{State Installation Rate} = \text{Cost of Installation}$$
3. Prices listed above are for installation only and do not include off loading of equipment at time of delivery, storage, security, or any applicable taxes, bonds, or permits.
4. Standard Terms and Conditions for Installation apply

Our website, playlsi.com, is the most comprehensive resource in our industry. The site contains nearly 1,000 pages of products, planning information, and industry news and information relevant to our customers. The site also includes an interactive application, Find Playground Designs, which offers hundreds of designs for customers to choose from or use as a basis to generate ideas. This tool is being updated continually with new designs and new products. Also on our website is an application called Visit a Playground that encourages visitors to find Landscape Structures playgrounds nearby where they can go to see our products. This helps reinforce our quality, safety and durability. Today, we have more than 3,000 playgrounds worldwide from which to choose.

Landscape Structures regularly hosts customer visits called VIP Tours. Customers get a chance to meet our employees and experience our culture. We tour them through our production facilities for a first-hand look at our environmentally-mindful manufacturing processes at work. We host 30 to 35 VIP Tours each year ranging from large groups to single customer visits.

The Learning Academy, an education series offered by Landscape Structures, provides opportunities to customers (free of charge) to earn CEUs (Continuing Education Units - Park and Recreation) or PDHs (Professional Development Hours - Landscape Architects) and gain valuable information they can use in their everyday work. Landscape Structures was approved as an authorized provider by the International Association for Continuing Education and Training (IACET). In obtaining this approval, Landscape Structures has demonstrated that it complies with the ANSI/IACET standards, which are widely recognized as standards of good practice internationally. IACET is the organization NRPA uses for accreditation.

Landscape Structures offers workshops on topics such as ADA, ASTM, CPSC guidelines, equipment maintenance, safety seminars and other topics upon request.

We also offer a toll-free hotline for installation questions 24 hours a day, 7 days a week.

Partnerships with The Miracle League® and Shane's Inspiration™ offer our customers recreational programming that goes beyond the playground and teaches communities about removing bias among people with disabilities and creating playspaces for everyone.

Up on Play is our customer e-newsletter that we produce quarterly. In October 2011, we produced a special edition of Up on Play, which focused on our commitment to inclusive play.

Landscape Structures is proud to partner with National Association of Elementary School Principals (NAESP) to enhance the lives of children and the communities in which they live. We recently collaborated with NAESP to bring inclusive playgrounds to schools through the *School Grounds. PlayGrounds. Common Ground.*™ essay contest. The contest closed on June 30, 2012, and a grand prize winner and five regional winners will be announced in mid-September.

Playground Design – Landscape Structures has a team of playground designers and artists with backgrounds that include building large-scale parade floats to sculpting highly detailed items for the Smithsonian. With the combination of our unique manufacturing capabilities and talented individuals, Landscape Structures will help you create one-of-a-kind playgrounds that become community gathering spaces.

Retrofit program - In addition to creating a playground design from scratch, Landscape Structures can also work with you to give your existing Landscape Structures playground a refresh. Many of our playground structures last for 15 to 20+ years, and to keep them exciting for kids we can work with you to swap older components with newer, more innovative ones. Our retrofit program not only offers kids a new play experience, but it will help revive the look of the park.

Funding options – Landscape Structures will help you set up a highly profitable fundraising program. From community builds to scratch-off games, bike rides to grants, fundraising has never been easier or more fun. Not only can we create a playground design of your dreams, but we can help you raise money to make that dream a reality.

Contractor Requirements

Contractor Certification

Contractor's Employment Eligibility

By entering the contract, Contractor warrants compliance with the Federal Immigration and Nationality Act (FINA), and all other federal and state immigration laws and regulations. The Contractor further warrants that it is in compliance with the various state statues of the states it is will operate this contract in.

Participating Government Entities including School Districts may request verification of compliance from any Contractor or subcontractor performing work under this Contract. These Entities reserve the right to confirm compliance in accordance with applicable laws.

Should the Participating Entities suspect or find that the Contractor or any of its subcontractors are not in compliance, they may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

The offeror complies and maintains compliance with the appropriate statutes which requires compliance with federal immigration laws by State employers, State contractors and State subcontractors in accordance with the E-Verify Employee Eligibility Verification Program.

Contractor shall comply with governing board policy of the NCPA Participating entities in which work is being performed

Fingerprint & Background Checks

If required to provide services on school district property at least five (5) times during a month, contractor shall submit a full set of fingerprints to the school district if requested of each person or employee who may provide such service. Alternately, the school district may fingerprint those persons or employees. An exception to this requirement may be made as authorized in Governing Board policy. The district shall conduct a fingerprint check in accordance with the appropriate state and federal laws of all contractors, subcontractors or vendors and their employees for which fingerprints are submitted to the district. Contractor, subcontractors, vendors and their employees shall not provide services on school district properties until authorized by the District.

The offeror shall comply with fingerprinting requirements in accordance with appropriate statutes in the state in which the work is being performed unless otherwise exempted.

Contractor shall comply with governing board policy in the school district or Participating Entity in which work is being performed

Business Operations in Sudan, Iran

In accordance with A.R.S. 35-391 and A.R.S. 35-393, the Contractor hereby certifies that the contractor does not have scrutinized business operations in Sudan and/or Iran.

ARRA Standard Terms and Conditions Addendum for Contracts and Grants

If a contract or grant involves the use of funds from the federal American Recovery and Reinvestment Act of 2009, Pub. L. 111-5 ("Recovery Act"), the following terms and conditions apply. As used in this Section, "Contractor/Grantee" means the contractor or grantee receiving Recovery Act funds under this agreement.

1. The Contractor/Grantee specifically agrees to comply with each of the terms and conditions contained herein.
2. Contractor/Grantee understands and acknowledges that the federal stimulus funding process is still evolving and that new requirements for Recovery Act compliance may still be forthcoming from federal government. Accordingly, Contractor/Grantee specifically agrees that both it and subcontractors/subgrantees will comply with all such requirements during the contract period.

AVAILABILITY OF FUNDING

Contractor/Grantee agrees that programs supported with temporary federal funds made available from the Recovery Act may not be continued once the temporary federal funds are expended.

BUY AMERICA REQUIREMENT

Contractor/Grantee agrees that pursuant to Section 1605 of Title XV of the Recovery Act, neither Contractor/Grantee or its subcontractors/subgrantees will use Recovery Act funds for a project for the construction, alternation, maintenance, or repair of a public building or public work unless all of the iron, steel and manufactured goods used in the project are produced in the United States in a manner consistent with United States obligations under international agreements. This requirement shall be applied unless the use of alternative materials has been approved by a federal agency pursuant to Section 1605.

CONFLICTING REQUIREMENTS

Clean Air and Water Act & Debarment Notice

I, the Vendor, am in compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act of 1970, as Amended (42 U.S. C. 1857 (h), Section 508 of the Clean Water Act, as amended (33 U.S.C. 1368), Executive Order 117389 and Environmental Protection Agency Regulation, 40 CFR Part 15 as required under OMB Circular A-102, Attachment O, Paragraph 14 (1) regarding reporting violations to the grantor agency and to the United States Environment Protection Agency Assistant Administrator for the Enforcement.

ARRA Standard Terms and Conditions Addendum for Contracts and Grants

If a contract or grant involves the use of funds from the federal American Recovery and Reinvestment Act of 2009, Pub. L. 111-5 ("Recovery Act"), the following terms and conditions apply. As used in this Section, "Contractor/Grantee" means the contractor or grantee receiving Recovery Act funds under this agreement.

1. The Contractor/Grantee specifically agrees to comply with each of the terms and conditions contained herein.
2. Contractor/Grantee understands and acknowledges that the federal stimulus funding process is still evolving and that new requirements for Recovery Act compliance may still be forthcoming from federal government. Accordingly, Contractor/Grantee specifically agrees that both it and subcontractors/subgrantees will comply with all such requirements during the contract period.

AVAILABILITY OF FUNDING

Contractor/Grantee agrees that programs supported with temporary federal funds made available from the Recovery Act may not be continued once the temporary federal funds are expended.

BUY AMERICA REQUIREMENT

Contractor/Grantee agrees that pursuant to Section 1605 of Title XV of the Recovery Act, neither Contractor/Grantee or its subcontractors/subgrantees will use Recovery Act funds for a project for the construction, alternation, maintenance, or repair of a public building or public work unless all of the iron, steel and manufactured goods used in the project are produced in the United States in a manner consistent with United States obligations under international agreements. This requirement shall be applied unless the use of alternative materials has been approved by a federal agency pursuant to Section 1605.

CONFLICTING REQUIREMENTS

Contractor/Grantee agrees that, to the extent Recovery Act requirements conflict with the participating agencies requirements, the Recovery Act requirements shall control.

FALSE CLAIMS ACT

Contractor/Grantee agrees that it shall promptly refer to an appropriate federal inspector general any credible evidence that a principal, employee, agent, subgrantee, subcontractor or other person has submitted a claim under the federal False Claims Act, as amended, 31 U.S.C. §§3729-3733, or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

Contractor/Grantee agrees that if Contractor/Grantee or one of its subcontractors/subgrantees fails to comply with all applicable federal and state requirements governing the use of Recovery Act funds, the participating agency may withhold or suspend, in whole or in part, funds awarded under the program, or recover misspent funds following an audit. This provision is in addition to all other remedies available to participating agency under all applicable state and federal laws.

INSPECTION OF RECORDS

Contractor/Grantee agrees that it shall permit the United States Comptroller General or his representative or the appropriate inspector general appointed under section 3 or 8G of the federal Inspector General Act of 1978, as amended, 5 U.S. App. §§3 and 8(g), or his representative to: (1) examine any records that directly pertain to, and involve transactions relating to, this contract; and (2) interview any officer or employee of Contractor/Grantee or any of its subcontractors/subgrantees regarding the activities funded with funds appropriated or otherwise made available by the Recovery Act.

JOB POSTING REQUIREMENTS

Section 1512 of the Recovery Act requires states receiving stimulus funds to report on jobs created and retained as a result of the stimulus funds. Contractors/Grantees who receive Recovery Act funded contracts are required to post jobs created and retained as a result of stimulus funds.

PROHIBITION ON USE OF RECOVERY ACT FUNDS

Contractor/Grantee agrees that none of the funds made available under this contract may be used for any casino or other gambling establishment, aquarium, zoo, golf course, swimming pools, or similar projects.

REPORTING REQUIREMENTS

Pursuant to Section 1512 of Title XV of the Recovery Act, entities receiving Recovery Act funds must submit a report to the federal government no later than ten (10) calendar days after the end of each calendar quarter. This report must contain the information outlined below. Accordingly, Contractor/Grantee agrees to provide the County with the following information in a timely manner:

- a. The total amount of Recovery Act funds received by Contractor/Grantee during the Reporting Period;
- b. The amount of Recovery Act funds that were expended or obligated during the Reporting Period;
- c. A detailed list of all projects or activities for which Recovery Act funds were expending or obligated, including:
 - i. the name of the project or activity;
 - ii. a description of the project or activity;
 - iii. an evaluation of the completion status of the project or activity; and
 - iv. an estimate of the number of jobs created and the number of jobs retained by the project or activity;

- d. For any subcontracts or subgrants equal to or greater than \$25,000:
 - i. The name of the entity receiving the subaward;
 - ii. The amount of the subaward;
 - iii. The transaction type;
 - iv. The North American Industry Classification System (NAICS) code or Catalog of Federal Domestic Assistance (CFDA) number;
 - v. Program source;
 - vi. An award title descriptive of the purpose of each funding action;
 - vii. The location of the entity receiving the subaward;
 - viii. The primary location of the subaward, including the city, state, congressional district and country; and
 - ix. A unique identifier of the entity receiving the sub-award and the parent entity of Contractor/Grantee, should the entity be owned by another.
 - x. The names and total compensation of the five most highly compensated officers of the company if it received: 1) 80% or more of its annual gross revenues in Federal awards; and 2) \$25M or more in annual gross revenue from Federal awards.
- e. For any subcontracts or subgrants of less than \$25,000 or to individuals, the information required in d may be reported in the aggregate and requires the certification of an authorized officer of Contractor/Grantee that the information contained in the report is accurate.
- f. Any other information reasonably requested by the County or required by state or federal law or regulation. Standard data elements and federal instructions for use in complying with reporting requirements under Section 1512 of the Recovery Act, are pending review by the federal government, and were published in the Federal Register, 74 Federal Register, 14824 (April 1, 2009), and are to be provided online at www.FederalReporting.gov.

SEGREGATION OF FUNDS

Contractor/Grantee agrees that it shall segregate obligations and expenditures of Recovery Act funds from other funding. No part of funds made available under the Recovery Act may be comingled with any other funds or used for a purpose other than that of making payments for costs specifically allowable under the Recovery Act.

Contractor/Grantee agrees that it shall include these standard terms and conditions, including this requirement, in any of its subcontracts or subgrants in connection with projects funded in whole or in part with funds available under the Recovery Act.

WAGE REQUIREMENTS

Contractor/Grantee agrees that, in accordance with Section 1606 of Title XVI of the Recovery Act, both it and its subcontractors shall fully comply with this section in that, notwithstanding any other provision of law, and in a manner consistent with the other provisions of the Recovery Act, all laborers and mechanics employed by contractors and subcontractors on projects funded in whole or in part with funds available under the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality, as determined by the United States Secretary of Labor in accordance with Subchapter IV of Chapter 31 of Title 40 of the United States Code

WHISTLEBLOWER PROTECTION

Contractor/Grantee agrees that both it and its subcontractors/subgrantees shall comply with Section 1553 of the Recovery Act, which prohibits all non-federal Contractor/Grantees of Recovery Act funds from discharging, demoting or otherwise discriminating against an employee for disclosures by the employee that the employee reasonably believes are evidence of (1) gross mismanagement of a contract or grant relating to Recovery Act funds; (2) a gross waste of Recovery Act funds; (3) a substantial and specific danger to public health or safety related to the implementation or use

of Recovery Act funds; (4) an abuse of authority related to implementation or use of Recovery Act funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) or grant, awarded or issued relating to Recovery Act funds. In addition, Contractor/Grantee agrees that it and its subcontractors/subgrantees shall post notice of the rights and remedies available to employees under Section 1553 of Title XV of the Recovery Act.

FEMA Standard Terms and Conditions Addendum for Contracts and Grants

If any purchase made under the Master Agreement is funded in whole or in part by Federal Emergency Management Agency (“FEMA”) grants, Contractor shall comply with all federal laws and regulations applicable to the receipt of FEMA grants, including, but not limited to the contractual procedures set forth in Title 44 of the Code of Federal Regulations, Part 13 (“44 CFR 13”).

In addition, Contractor agrees to the following specific provisions:

- 1) Pursuant to 44 CFR 13.36(i)(1), University is entitled to exercise all administrative, contractual, or other remedies permitted by law to enforce Contractor’s compliance with the terms of this Master Agreement, including but not limited to those remedies set forth at 44 CFR 13.43.
- 2) Pursuant to 44 CFR 13.36(i)(2), University may terminate the Master Agreement for cause or convenience in accordance with the procedures set forth in the Master Agreement and those provided by 44 CFR 13.44.
- 3) Pursuant to 44 CFR 13.36(i)(3)-(6)(12), and (13), Contractor shall comply with the following federal laws:
 - a. Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor (“DOL”) regulations (41 CFR Ch. 60);
 - b. Copeland “Anti-Kickback” Act (18 U.S.C. 874), as supplemented in DOL regulations (29 CFR Part 3);
 - c. Davis-Bacon Act (40 U.S.C. 276a-276a-7) as supplemented by DOL regulations (29 CFR Part 5);
 - d. Section 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-30) as supplemented by DOL regulations (29 CFR Part 5);
 - e. Section 306 of the Clean Air Act (42 U.S.C. 1857(h), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15); and
 - f. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L.94-163, 89 Stat. 871).
- 4) Pursuant to 44 CFR 13.36(i)(7), Contractor shall comply with FEMA requirements and regulations pertaining to reporting, including but not limited to those set forth at 44 CFR 40 and 41.
- 5) Pursuant to 44 CFR 13.36(i)(8), Contractor agrees to the following provisions regarding patents:
 - a. All rights to inventions and/or discoveries that arise or are developed, in the course of or under this Agreement, shall belong to the participating agency and be disposed of in accordance with the participating agency’s policy. The participating agency, at its own discretion, may file for patents in connection with all rights to any such inventions and/or discoveries.
- 6) Pursuant to 44 CFR 13.36(i)(9), Contractor agrees to the following provisions, regarding copyrights:
 - a. If this Agreement results in any copyrightable material or inventions, in accordance with 44 CFR 13.34, FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, for Federal Government purposes:
 - 1) The copyright in any work developed under a grant or contract; and
 - 2) Any rights of copyright to which a grantee or a contractor purchases ownership with grant support.
- 7) Pursuant to 44 CFR 13.36(i)(10), Contractor shall maintain any books, documents, papers, and records of the Contractor which are directly pertinent to this Master Agreement. At any time during normal business hours and as often as the participating agency deems necessary, Contractor shall permit participating agency, FEMA, the Comptroller General of United States, or any of their duly authorized representatives to inspect and photocopy such records for the purpose of making audit, examination, excerpts, and transcriptions.

- 8) Pursuant to 44 CFR 13.36(i)(11), Contractor shall retain all required records for three years after FEMA or participating agency makes final payments and all other pending matters are closed. In addition, Contractor shall comply with record retention requirements set forth in 44 CFR 13.42.

Required Clauses for Federal Assistance provided by FTA

ACCESS TO RECORDS AND REPORTS

Contractor agrees to:

- a) Maintain all books, records, accounts and reports required under this Contract for a period of not less than three (3) years after the date of termination or expiration of this Contract or any extensions thereof except in the event of litigation or settlement of claims arising from the performance of this Contract, in which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.
- b) Permit any of the foregoing parties to inspect all work, materials, payrolls, and other data and records with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the purpose of audit and examination.

FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11).

CIVIL RIGHTS / TITLE VI REQUIREMENTS

- 1) Non-discrimination. In accordance with Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d, Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, Section 202 of the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12132, and Federal Transit Law at 49 U.S.C. § 5332, Contractor or subcontractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, marital status age, or disability. In addition, Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.
- 2) Equal Employment Opportunity. The following Equal Employment Opportunity requirements apply to this Contract:
 - a. Race, Color, Creed, National Origin, Sex. In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal Transit Law at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable Equal Employment Opportunity requirements of U.S. Dept. of Labor regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor, 41 CFR, Parts 60 et seq., and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of this Project. Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, marital status, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, Contractor agrees to comply with any implementing requirements FTA may issue.

- b. Age. In accordance with the Age Discrimination in Employment Act (ADEA) of 1967, as amended, 29 U.S.C. Sections 621 through 634, and Equal Employment Opportunity Commission (EEOC) implementing regulations, "Age Discrimination in Employment Act", 29 CFR Part 1625, prohibit employment discrimination by Contractor against individuals on the basis of age, including present and prospective employees. In addition, Contractor agrees to comply with any implementing requirements FTA may issue.
 - c. Disabilities. In accordance with Section 102 of the Americans with Disabilities Act of 1990, as amended (ADA), 42 U.S.C. Sections 12101 *et seq.*, prohibits discrimination against qualified individuals with disabilities in programs, activities, and services, and imposes specific requirements on public and private entities. Contractor agrees that it will comply with the requirements of the Equal Employment Opportunity Commission (EEOC), "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 CFR, Part 1630, pertaining to employment of persons with disabilities and with their responsibilities under Titles I through V of the ADA in employment, public services, public accommodations, telecommunications, and other provisions.
 - d. Segregated Facilities. Contractor certifies that their company does not and will not maintain or provide for their employees any segregated facilities at any of their establishments, and that they do not and will not permit their employees to perform their services at any location under the Contractor's control where segregated facilities are maintained. As used in this certification the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion or national origin because of habit, local custom, or otherwise. Contractor agrees that a breach of this certification will be a violation of this Civil Rights clause.
- 3) Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor's obligations under this Contract and the regulations relative to non-discrimination on the grounds of race, color, creed, sex, disability, age or national origin.
 - 4) Sanctions of Non-Compliance. In the event of Contractor's non-compliance with the non-discrimination provisions of this Contract, Public Agency shall impose such Contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to: 1) Withholding of payments to Contractor under the Contract until Contractor complies, and/or; 2) Cancellation, termination or suspension of the Contract, in whole or in part.

Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

DISADVANTAGED BUSINESS PARTICIPATION

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, "*Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*", therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

- 1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the

termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

- 2) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.
- 3) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 *et seq.* and 41 CFR Part 301-10.

FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Contract between public agency and the FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT, as set forth in the most current FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to perform any act, fail to perform any act, or refuse to comply with any public agency requests that would cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or

liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

State Notice Addendum

Pursuant to certain state notice provisions the following public agencies and political subdivisions of the referenced public agencies are eligible to access the contract award made pursuant to this solicitation. Public agencies and political subdivisions are hereby given notice of the foregoing request for proposal for purposes of complying with the procedural requirement of said statutes:

RE: Playground Equipment, Surfacing, Site Furnishings, and Related Products/Services
Contract NCPA 10-01 – New Products

Dear Mr. Applegate:

Please add the attached list of new products to Landscape Structures' contract. I have attached the updated manufacturer's price list *Landscape Structures 2016 Playground Equipment Price List* effective January 11, 2016 which includes the new products.

This price list supersedes *Landscape Structures 2016 Playground Equipment Price List* effective January 1, 2016

All other terms and conditions remain the same.

If you have any questions, please feel free to contact me at 800-358-8598 or email at elaineharkess@playlsi.com.

Respectfully,

A handwritten signature in blue ink that reads 'Elaine M. Harkess'.

Elaine Harkess
