Re: Pacific L.A. Marine Terminal LLC Crude Oil Terminal

Dear Messrs. MacNeil and Appy:

As a long time resident of San Pedro, this is to let you know that I **fully support** the proposed development of the referenced crude oil terminal and its associated tank farms and pipelines.

Development of this terminal is a “win-win” for us all. Specifically, it creates short and long term jobs; it provides additional tax monies to the City and State; it provides a means of getting more oil to an ever growing population in Southern California; and it fulfills the Port’s promise to build green.

Please go forth with the proposed development.

Very truly yours,
