## INCORPORATION

The Political Reform Act of 1974 (PRA) requires state and local government agencies to adopt and promulgate conflict of interests codes to help government employees avoid financial conflicts. See California Government Code sections 81000 *et seq.*

The Fair Political Practices Commission (FPPC) has adopted a regulation that contains the terms of a standard conflict of interests code, can be incorporated by reference, and may be amended by the FPPC to conform to amendments to the PRA after public notice and hearings. This agency's conflict of interests code incorporates by reference that regulation (2 California Code of Regulations section 18730); the attached Schedule A, which identifies each position in the agency that is charged with making or participating in making a government decision; and the attached Schedule B, which identifies the economic interests that the individuals in those designated positions must disclose.

City officials (individuals holding, elected to, or appointed to a position in Schedule A) must periodically submit statements of economic interests that disclose the economic interests in Schedule B that they held during the reporting period. The statements must be submitted to the Ethics Commission, which makes the statements available for public inspection and reproduction (see California Government Code section 81008).

City officials are required to comply with the requirements of their agency's code and the requirements of state and City law.

DISCLOSURE CATEGORIES  
(Schedule B)

An individual whose position is identified in the Designated Positions section (Schedule A) of an agency's conflict of interests code is a filer and must disclose each economic interest identified below for the disclosure category associated with the individual's position. Disclosure must be made by filing the California Form 700 on specified schedules.

The definitions for investments, business positions, sources of income, interests in real property, doing business, gifts, and other terms may be found in the California Political Reform Act, its associated regulations, and the instructions for the California Form 700. The term "division" means a subset of the filer's agency and, depending on the agency's structure, may also be known as a department, group, office, section, or other similar term used to indicate a subordinate unit of the agency.

Economic interests must be disclosed for the applicable reporting period. In general, the following types of Form 700 filings have the following reporting periods:

Annual: January 1 through December 31 of the previous calendar year.

Assuming Office: the date the filer assumes office for investments, business positions, and interests in real property; for income, the 12 months immediately preceding the date the filer assumes office.

Leaving Office: the last date covered by the filer's most recent filing through the date the filer left the designated position.

Reporting periods may vary in individual circumstances and for other types of filings and should be verified with the Ethics Commission.
