Subject: Kinder Morgan Marine Terminal, Port of Los Angeles Berths 118-120

Mr. Cooke,

We are in receipt of your email dated April 26, 2021 regarding the meeting that was held on April 9, 2021. We understand that there are issues regarding POLA's approval of the use and upgrade of berth 120 that may be out of your control and the need for an extension until this matter can be resolved. **We will agree to grant the extension to operate during this period.** We are however concerned that this could drag out and would request that you provide six-month updates during this period to ensure that the process is staying on track. We would also request that you provide the initial estimate to complete this task that you had mentioned in your email. We look forward to continued contact and progress updates with Kinder Morgan and the Port of Los Angeles as this project unfolds.

Regards,
