

**AGREEMENT FOR MAINTENANCE OF STATE HIGHWAYS  
IN THE CITY OF LOS ANGELES**

THIS AGREEMENT is made effective this 1st day of January, 2005, by and between the State of California, acting by and through the Department of Transportation, hereinafter referred to as "STATE", and City of Los Angeles hereinafter referred to as "CITY".

- I. The Parties desire that CITY perform specific delegated maintenance functions on those portions of the State Highways identified herein which are located within CITY's jurisdiction, as is authorized in Section 130 of the Streets and Highways Code, and described under Exhibit "A" hereof, or as said Exhibit may be subsequently modified with the consent of the parties hereto, acting by and through their authorized representatives.
- II. This Agreement shall supersede any previous agreement and/or amendments thereto entered into with CITY for the maintenance of the same identified portion of those State highways.
- III. The degree or extent of maintenance work to be performed, and the standards therefore, shall be in accordance with the provisions of Section 27 of the Streets and Highways Code and the current edition of the State Maintenance Manual (a copy of which has been provided to CITY), or as may be prescribed from time to time in writing by the District Director and agreed to by CITY in writing. "District Director," as used herein, means the District Director of the Department of Transportation assigned to the territory in which CITY is located, or an authorized representative.
- IV.
  - A. At all CITY street vehicular or pedestrian overcrossings of STATE Freeways, which were elevated to allow construction of that freeway, CITY is responsible for maintenance, at CITY expense, of the deck and/or surfacing (including water imperviousness) and all portions of the structure above the bridge deck, including, but not limited to, lighting installations, as well as all traffic service facilities (signals, signs, pavement markings, rails, etc.) that may be required for the benefit or control of traffic using the overcrossing. STATE will maintain, at STATE expense, the structure below the deck surface and any screening installed by STATE on overpasses over the freeway on which pedestrians are permitted (except any non-standard screening requested by CITY).
  - B. At all CITY street vehicular or pedestrian undercrossings of elevated STATE Freeways, CITY is responsible for the maintenance, at CITY expense, of the roadway sections, including the traveled way, shoulders, curbs, sidewalks, wall and slope surfaces (including graffiti removal), drainage installations, lighting installations (including soffit lighting), and traffic service facilities that may be required for the benefit or control of traffic using the undercrossings. The STATE will maintain, at STATE expense, the structure proper of those elevated freeway facilities constructed to allow the passage of CITY traffic.
- V. The functions and levels of maintenance service delegated to CITY in the attached Exhibit A - Delegation of Maintenance Functions by Routes, have been considered in setting authorized total dollar reimbursement amounts. CITY may perform additional work if desired, but STATE will not reimburse CITY for any work outside of the specific delegated maintenance work or in excess of the authorized dollar limits established herein or for the performance of any work not described in said Exhibit "A".

- VI. A. STATE will reimburse CITY for the actual direct and indirect costs, using a unit rate basis as necessary, of all routine maintenance work performed by CITY as delegated under Exhibit "A" to this Agreement. It is agreed that during any fiscal year, the maximum expenditure on any designated route shall not exceed the amount as shown available for that route in Exhibit "A" to this Agreement unless such expenditure is revised by an amended Agreement or otherwise adjusted or modified as hereinafter provided.
- B. The cost of operating, maintaining, repairing, replacing and upgrading STATE-owned traffic signals and safety lighting now in place at the intersection of any State highway route and any CITY street/road shall be shared as shown in Exhibits "B" and "C" respectively.
- C. The expenditure per designated route for routine maintenance work, as referred to above, may only be increased or decreased, redistributed between routes, or additional expenditures authorized for specific projects, when such are an adjustment of expenditures for routine maintenance or such specific work is authorized in advance and in writing by the STATE District Director or an authorized representative and is accepted by CITY in the form of an amendment to Exhibit "A".
- D. Additional expenditures, or an adjustment of expenditures, once authorized, shall apply only during the fiscal year designated therein and shall not be deemed to permanently modify or change the basic maximum expenditure per route as hereinafter specified. An adjustment of any said maximum expenditure, either as an increase or decrease shall not affect any other term of this Agreement.
- VII. A. A new Exhibit A – Delegation of Maintenance Functions by Routes, a new Exhibit B – Cost Distribution for Traffic Signals, and a new Exhibit C – Cost Distribution for Traffic Safety Lighting, will be provided annually by STATE and approved by CITY for each fiscal year.
- B. CITY's actual direct maintenance cost for each fiscal year of this Agreement, provided it is not terminated according to the provisions herein, shall not increase or decrease in excess of the increase or decrease (if any) in the U.S. Department of Labor, Bureau of Labor Statistics, all Urban Consumers, Consumer Price Index (CPI) for the Los Angeles-Long Beach region.
- C. Said increase or decrease shall be determined as of the month preceding the 120<sup>th</sup> day before the conclusion of the anniversary date of the Agreement for each fiscal year and shall be based upon the percentage increase or decrease (if any) of the CPI for the twelve months preceding the date of such determination and adopted into said Exhibits "A", "B" or "C" as appropriate.
- D. In the event the actual change in the CPI should exceed six (6) percent during any one year, CITY may negotiate adjustments to the rate structure with STATE.
- VIII. A. CITY shall submit duplicate signed invoices quarterly on the last day of the months of November, February, May and August. STATE shall pay CITY within thirty (30) calendar days of receipt of those invoices, from available funds encumbered from the applicable State Budget Act. Bills for any fiscal year (July 1 through June 30) must be submitted promptly following the close of STATE's fiscal year, but not later than that following November 30th, and should be coded according to the Caltrans HM Program

Code as outlined in this Agreement. Bills submitted after that date for work performed in that preceding fiscal year will be deemed waived and will not be honored.

STATE shall submit duplicate signed invoices quarterly on the last day of the months of November, February, May and August. CITY shall pay STATE within thirty (30) calendar days of receipt of those invoices, from available funds encumbered from the applicable City Budget Act. Bills for any fiscal year (July 1 through June 30) must be submitted promptly following the close of CITY's fiscal year, but not later than that following November 30th, and should be coded according to the Caltrans HM Program Code as outlined in this Agreement. Bills submitted after that date for work performed in that preceding fiscal year will be deemed waived and will not be honored.

- B. The unit rate basis computation will include both direct and indirect costs. Maintenance services provided by contract will exclude additional indirect costs. An actual handling charge by CITY for the direct cost of processing this type of bill of 1/2% of the total invoice will be allowed.
  - C. CITY shall retain and make available for Audit by STATE or a designee of STATE all records, documents and sources necessary to identify and properly allocate allowable costs paid under this Agreement for a period of three 3 years from the date of receipt by CITY of STATE's last payment made for these contracted services.
- IX. Nothing in the provisions of this Agreement is intended to affect the legal liability of either STATE or CITY by imposing any standard of care respect of the maintenance of State highways different from the standard of care imposed by law.
- X. It is understood and agreed that neither STATE nor any of its officers or employees are responsible for any damage or liability occurring by reason of anything done or omitted to be done by CITY under or in connection with any work, authority or jurisdiction delegated to CITY under this Agreement. It is understood and agreed that, pursuant to Government Code Section 895.4, CITY shall defend, indemnify and hold harmless STATE and all of its officers and employees from all claims, suits or actions of every name, kind and description brought for or in account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by CITY under or in connection with any work, authority or jurisdiction delegated to CITY under this Agreement.
- XI. It is understood and agreed that neither CITY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by STATE under or in connection with any work, authority or jurisdiction delegated to STATE under this Agreement. It is understood and agreed that, pursuant to Government Code Section 895.4, STATE shall defend, indemnify and save harmless CITY and all of its officers and employees from all claims, suits or actions of every name, kind and description brought for or on account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by STATE under or in connection with any work, authority or jurisdiction delegated to STATE under this Agreement.
- XII. Costs and expenses authorized to be incurred by STATE under the terms of this Agreement are conditioned upon the passage of the annual State of California Budget by the Legislature, the allocation of funding by the California Transportation Commission as appropriate, and the encumbrance of funding to the District Office of STATE to pay billings by CITY each fiscal year.

XIII. This Agreement shall remain in full force and effect until amended by the mutual consent of the parties thereto or terminated by either party upon thirty (30) days' prior written notice to the other party.

IN WITNESS WHEREOF, the parties hereto have set their hands and seal the day and year first above written.

AUTHORIZED EXPENDITURES

\$1,392,160

(Includes 1/2% handling charge)

Attachment 1

MAINTENANCE FUNCTION DESCRIPTION

**HM2C – DRAINAGE – SIDEWALK S**

1. Non-Landscaped Tree/Brush Vegetation
2. Drainage obstruction-Drains/Culverts

This provides for cleaning, maintaining, and repairing culverts, ditches and drains on an emergency basis only. Emergency repairs requiring expenditures exceeding \$5,000 will require prior approval, from the State's District Region Manager.

**HM2D – SWEEPING**

This provides for removal of litter and debris from roadway surface and roadside. The following problems are included.

1. \*Sweeping

\*Sweeping is based on a \$14.00 per curb mile rate to be performed no less than once a month, but may be increased to once a week as needed to meet NPDES requirements

**HM4K – ELECTRICAL**

This includes maintenance work performed on highway electrical facilities including traffic signals, traffic-signal systems, safety lighting and sign lighting. It also includes the electrical energy for these items.

## Attachment 2

**SPECIAL MAINTENANCE RESPONSIBILITY OF THE CITY AND THE STATE**

- 1) City will maintain, at CITY expense, the structure, lighting, pump plant, ventilation and all tunnel related signs of International Airport tunnel. State will be responsible for the roadway including the sidewalks.
- 2) City will maintain at CITY'S expense lighting, signs, debris removal and graffiti eradications at the following pedestrian crossings: PUC, Br. 53-498, PM 36.89; Roosevelt PUC, Br. 53-499, PM 37.05; Castelmare POC 53-68, PM 39.62; Cobble PUC, Br. 53-502, PM 39.94. Maintenance of the structure will be the responsibility of the State.
- 3) City will maintain traffic signals at freeway ramp terminals specified in Exhibit "B". City will maintain highway safety lighting at ramp terminals with certain exceptions subject to written concurrence between CITY and STATE District Maintenance Engineer.
- 4) Pursuant to Sections 114 and 116 of the Streets and Highways Code the City is authorized to post and maintain at no expense to the State "NO TRESPASSING" signs on the barrier fences and to police the area between the signs on that portion of the highways rights of way along the Pasadena Freeway over and adjacent to the tunnels in Elysian Park. Nothing in this section, however, is intended to restrict or interfere with normal operations by the State or its authorized personnel when performing any phase of highway or landscaping maintenance within the right of way.
- 5) State will maintain, at City expense, the bus loading facilities on the Hollywood Freeway at Alvarado Street, Vermont Avenue and Western Avenue.
- 6) State will maintain traffic signals and City will maintain highway safety lighting.
- 7) Mowing, pruning, replanting, weeding and irrigation in landscaped traffic median areas only will be performed at City expense.
- 8) City will maintain traffic signals, and highway safety lighting, in the vicinity of State highway, as identified on Exhibits "A", "B" and "C".
- 9) The State will maintain the structure of the Oliver Street pedestrian over crossing (POC) (#53-2046), over Gaffey Street in San Pedro below the top of the concrete deck surface. The City will maintain, at City expense, the top of the concrete deck surface, together with any surface treatment and including soffit lighting installation, as well as all traffic service facilities that may be required for the benefit or control of City street traffic.
- 10) The State will maintain the structure of the Century Boulevard over crossing (53-1843 R/L) over Sepulveda Boulevard. below the top of the concrete deck surface. The City will maintain, at City expense, the top of concrete deck surface, together with any surface treatment and including lighting installation as well as all traffic service facilities that may be required for the benefit or control of City street traffic.

- 11) Mowing, pruning, replanting, weeding and irrigation of landscaped areas on Santa Monica Boulevard, within the freeway interchange, **only at City's expense.**
- 12) City will maintain trees along Western Ave, from 1.9/11.1 at City Expense per Letter Dated July 15.1998.
- 13) The Los Angeles World Airports has proposed to install, under permit (6) Overhead, and (6) Ground mounted signs on State Route 1, Lincoln Boulevard and Sepulveda Blvd. between postmiles 26.178 (north of the south runways tunnel), and postmile 28.60 (south of La Tijera). This installation and maintenance of signs will be at LAWA expense. LAWA will provide notification by letter to the State when final installation is completed.
- 14) City is responsible, at City expense, for maintenance of all freeways or State highway related signing located outside State Right-of-Way.

WORK SCHEDULES/BILLING:

Schedules reflecting days City is performing sweeping function on State Routes identified in this Agreement should be furnished to the Caltrans Maintenance Support Office a minimum of twice a year. The Schedules will assist in responding to public inquires.

Any additional expenditure arising from specific projects, as outlined in article VI-B, will not be paid without prior authorization of work needing to be performed.

Signed invoices should be sent in triplicate to the STATE District Office, located at:

Department of Transportation  
Maintenance Agreement Unit MS-3  
120 South Spring Street  
Los Angeles, CA 90012  
Attention: Agreements Unit
