

ORDER NO. 10-_____

A permanent Order of the Board of Harbor Commissioners of the City of Los Angeles amending the Port of Los Angeles Tariff No. 4.

FINDINGS**BACKGROUND**

1. On July 12, 1989, the Board of Harbor Commissioners of the City of Los Angeles (Board) adopted Order No. 5837, which Order was approved by the City Council of the City of Los Angeles (City Council) by Ordinance No. 165789, adopted on April 10, 1990. Said Order and Ordinance designated Port of Los Angeles Tariff No. 4 (Tariff No. 4), which sets forth rates at which, and terms under which, the Port of Los Angeles, California (Port) is willing to provide marine terminal services. Tariff No. 4 has been amended from time to time since 1989. The current version of Tariff No. 4 is made available to the public on the Port website at www.portoflosangeles.org.
2. The San Pedro Bay Ports Clean Air Action Plan (CAAP) was adopted by the Boards of Harbor Commissioners of Los Angeles and Long Beach on November 20, 2006. The Ports of Los Angeles and Long Beach are located side-by-side in San Pedro Bay. In the CAAP, the two ports recognized that their ability to accommodate projected growth in international trade will depend on their ability to address adverse environmental impacts, and in particular, air quality impacts, that result from such trade. The CAAP was designed, in collaboration with the Federal Environmental Protection Agency (U.S. EPA), the California Air Resources Board (CARB) and the South Coast Air Quality Management District (SCAQMD), "to develop mitigation measures and incentive programs necessary to reduce air emissions and health risks while allowing port development to continue." CAAP, p. 2. As part of the overall implementation of the CAAP, the Ports of Los Angeles and Long Beach have considered numerous proposals to address air pollution from a variety of sources operating within the ports, including heavy duty drayage trucks.
3. On November 1, 2007, the Board adopted Order No. 6935, approved by the City Council by Ordinance No. 179707, adopted on February 27, 2008, which added Section 20, Clean Air Action Plan, Items 2000 through 2025, titled Heavy Duty Drayage Trucks, to Tariff No. 4. The drayage truck measures result in substantial reduction in air pollution through the progressive ban of older, dirtier trucks calling at the Ports. The tariff requires that by the year 2012 drayage trucks must meet USEPA 2007 heavy duty truck emissions standards to be allowed entry into terminals at

the Port, accomplished through truck emissions control retrofits or truck replacement.

4. On December 20, 2007, the Board adopted Order No. 6943, approved by the City Council by Ordinance No. 179708, adopted on February 27, 2008, adding to and amending Section 20 of Tariff No. 4 to establish a Clean Truck Fee (CTF) and Clean Truck Fund to fund in part the retrofit or replacement of older drayage trucks.
5. On March 20, 2008, the Board adopted Order No.6956, approved by the City Council by Ordinance No. 179981, adopted on June 17, 2008, adding to and amending Section 20 of Tariff No. 4 to, among other things, establish Concessions for drayage truck access to the Port terminals and exemptions from the Clean Truck Fee.
6. On August 21, 2008, the Board adopted Order No. 08-6971, approved by the City Council by Ordinance No. 180681, adopted on May 5, 2009, adding to and amending Section 20 of Tariff No. 4 to, among other things, establish access and exemptions for certain liquid natural gas (LNG) trucks, revise the Drayage Truck Registry deadline, provide that the Clean Truck Fund may be used to fund incentives, clarify the Concession fee, and establish a Day Pass in lieu of concession and Day Pass Fee for trucks performing port drayage on an infrequent basis.
7. On October 23, 2008, the Board adopted Order No. 08-6973, approved by the City Council by Ordinance No. 180679, adopted on May 5, 2009, amending Section 20, Items 2000, 2005, and 2030 in order to: (1) modify the definition of "Program Funds" to delete reference to Harbor Revenue Fund; (2) simplify the drayage truck registry (DTR) access requirement for consistency with the PortCheck Agreement approved by the Board; (3) clarify the basis for charging the Clean Truck Fee as \$35 for 20 feet or less in length, \$70 for more than 20 feet; clarify that the Clean Truck Fee will be assessed only once on containers at the first point of entry to or departure from the Port; add a new exemption for shipments under contract to the U.S. Transportation Command, U.S. Military and Department of Defense; and add a new exemption for Terminals without On Dock Rail.
8. On April 2, 2009, the Board adopted Order No. 09-6994, approved by the City Council by Ordinance No. 180923, adopted on October 14, 2009, amending Tariff No. 4, Section 20, Items 2030 and 2040 in order to (1) modify the date for commencement of collection of the Clean Truck Fee from October 1, 2008 to February 18, 2009; (2) modify the amount of the Day Pass Fee from \$100 to \$30 per Day Pass trip plus the cost of the Radio Frequency Identification Device; and (3) provide that the terms and conditions of the Day Pass shall be posted on the www.portoflosangeles.org website.

9. On June 18, 2009, the Board adopted Order No. 09-7003, approved by the City Council by Ordinance No. 1809253, adopted on October 14, 2009, amending Tariff No. 4 Section 20 to: (1) modify the definition of "Drayage Truck" so it applies to trucks with a Gross Vehicle Weight Rating of greater than 33,000 pounds, (2) modify the definition of "Program Funds" to create an exemption from assessment of the Clean Truck Fee on containers carried by diesel trucks purchased with only Proposition 1B funds and no other public funds; and (3) require Marine Terminal Operators to comply with the California Air Resources Board (CARB) In-Use On-Road Heavy-Duty Diesel Fueled Drayage Truck Rule (CARB Drayage Truck Rule).
10. On August 13, 2009, the Board adopted Order No. 09-7008, approved by the City Council by Ordinance No. 180942, adopted on October 27, 2009, amending Tariff No. 4, Section 20, Item 2000 and 2030 to (1) further amend the definition of "Program Funds" in response to a request from the California Air Resources Board and the South Coast Air Quality Management District, and (2) create a defined term, "Grant Vanguard Trucks" for Drayage Trucks, and (3) add an exemption from the Clean Truck Fee for "Grant Vanguard Trucks" that were the early Port of Long Beach lease subsidy participants in the Proposition 1B funds program jointly administered by the Ports of Los Angeles and Long Beach.
11. On November 19, 2009, the Board adopted Order No. 09-7015, approved by the City Council by Ordinance No. 181125, adopted on March 12, 2010, amending Tariff No. 4, Section 20, Items 2000 and 2015 to create a limited extension of the truck ban for certain drayage trucks being replaced with Proposition 1B and related grant fund programs, consistent with California Air Resources Board (CARB) discretionary enforcement extension applicable to the state wide truck ban under the CARB rule.
12. On December 8, 2009, the Board adopted Order No. 09-7031, approved by the City Council by Ordinance No. 181126, adopted on March 12, 2010, amending Tariff No. 4, Section 20, Item 2000 to be consistent with new CARB enforcement guidelines that extended the statewide truck ban deadline to include privately funded trucks meeting certain requirements.
13. On March 18, 2010, the Board adopted Order No. 10-7038, currently pending City Council approval, amending Tariff No. 4, Section 20, to extend the time for compliance with the truck ban for certain trucks with truck-engine combinations for which no CARB-certified Level 3 retrofit device is available, consistent with revisions made by the California Air Resources Board (CARB) to its statewide In-Use On-Road Diesel-Fueled Heavy-Duty Drayage Trucks regulation, found at California Code of Regulations Section 2027 (CARB Drayage Truck Regulation).

CLASS 7 DRAYAGE TRUCKS AND DRAY-OFFS

14. The Board of Harbor Commissioners now desires to amend Tariff No. 4, Section 20, to require Class 7 trucks to comply with the progressive truck bans applicable to Class 8 trucks and to prevent clean compliant trucks from switching cargo to dirty, non-compliant trucks, a practice known as “dray-offs,” while on Port Property. This action is consistent with actions taken by CARB to regulate Class 7 heavy duty trucks and prevent dray-offs under the statewide CARB Drayage Truck Regulation.
15. The specific amendments to Tariff No. 4, Section 20:
 - (1) amend Item 2000 to expand the definition of “Drayage Truck” to include (i) Class 7 trucks and (ii) include all trucks operating to carry cargo originating from or destined for Port Property;
 - (2) permit Class 7 Trucks registered in the Port’s Drayage Truck Registry by December 16, 2010 that would otherwise be banned, additional time, to comply with the progressive truck bans applicable to Class 8 trucks by July 1, 2011;
 - (3) amend Item 2000 to add definitions for “Drayage Truck Operator” and “Drayage Truck Owner;”
 - (4) amend Item 2030 to provide that any cargo that received a Clean Truck Fee exemption, will lose that exemption if there is a transfer from a fee-exempt Drayage Truck to a fee-assessable Drayage Truck while on Port Property or public streets within or immediately adjacent to Port Property;
 - (5) amend Item 2041 to require Licensed Motor Carriers, Drayage Truck Operators and Drayage Truck Owners to only use Drayage Trucks that are compliant with the Terminal access requirements of Items 2010, 2015, and 2020 (progressive truck bans);
 - (6) amend Item 2041 to require parties to comply with the CARB Truck and Bus Rule as transitioned by CARB; and
 - (7) change the terminology of “Day Pass” to “Temporary Access Permit.”

NOW, THEREFORE,

**THE BOARD OF HARBOR COMMISSIONERS OF THE CITY OF LOS ANGELES
DOES HEREBY ORDER AS FOLLOWS:**

Section 1. The Board of Harbor Commissioners of the City of Los Angeles hereby adopts the findings set forth above.

Section 2. The Port of Los Angeles Tariff No. 4, adopted July 12, 1989, by Order No. 5837, and Ordinance No. 165,789, adopted April 10, 1990, as amended, is further amended as set forth in Exhibit “A,” attached hereto and incorporated herein by

reference. The Executive Director is directed to submit this amendment to the California Association of Port Authorities (CAPA) to secure approval or proceed to take independent action in accordance with CAPA procedure.

Section 3. The Director of Environmental Management has previously determined that these amendments to the tariff were exempt from the California Environmental Quality Act (CEQA) Guidelines, Public Resources Code 21084, Title 14 of the California Code of Regulations, Section 15273, Section 15301 (d), and Section 15061(b) (3). The proposed action is an Amendment to Tariff No. 4 related to the CTP. The Amendments change administrative language to support the CTP without changes to overall operations. As such, the Director of Environmental Management has determined that the proposed action is exempt from the requirements of the California Environmental Quality Act (CEQA) under Article II, Section 2(f) (administrative) and Section 2(i) (previous assessment) of the Los Angeles City CEQA Guidelines.

Section 4. The Board Secretary shall certify to the adoption of the temporary Order by the Board of Harbor Commissioners and cause the same to be published once in a newspaper printed and published in the City of Los Angeles, to take effect prior to adoption by Ordinance for a period not to exceed 90 days pursuant to Charter Section 653(b).

Section 5. The Board Secretary shall transmit to the City Council for approval the permanent Order and Ordinance approving the amendment to Tariff No. 4 pursuant to City Charter 653(a).

Section 6. The Board Secretary shall execute the proposed permanent Board Order and Ordinance amending Tariff No. 4, and upon its publication, transmit the permanent Order and Ordinance to the Chief Wharfinger for implementation of the tariff change and posting the amended Tariff No. 4 to the Port's website as regulated by the Federal Maritime Commission.

I HEREBY CERTIFY THAT the foregoing Order was adopted by the Board of Harbor Commissioners of the City of Los Angeles at its meeting held on

ROSE DWORSHAK
Acting Board Secretary

APPROVED AS TO FORM AND LEGALITY

_____, 2010
CARMEN A. TRUTANICH, City Attorney

By _____
JOY CROSE, Assistant General Counsel

SECTION TWENTY CLEAN AIR ACTION PLAN – GENERAL RULES AND REGULATIONS	Item No.
<p align="center">DEFINITIONS HEAVY DUTY DRAYAGE TRUCKS</p> <p align="center">For purposes of Section 20 the following definitions shall apply:</p> <p>“2007 Drayage Truck” means a Drayage Truck equipped with a heavy duty engine that meets or exceeds 2007 model year California or federal heavy-duty Diesel-Fueled On-Road emissions standards.</p> <p>“Alternative Drayage Truck” means a 2007 Drayage Truck with a heavy duty engine operating on liquefied or compressed natural gas, electricity or hybrid technology. This includes heavy-duty pilot ignition engines using an alternative fuel where diesel fuel is used for pilot ignition for an average ratio of no more than one part diesel fuel to ten parts total fuel on any energy equivalent basis. An engine that can operate or idle solely on diesel fuel at any time does not meet this definition.</p> <p>“ARB” means the California Air Resources Board.</p> <p>“Authorized Emergency Vehicle” is as defined in California Vehicle Code Section 165.</p> <p>“CARB Diesel Fuel” is Diesel Fuel certified by ARB as meeting the fuel specification standards set forth at Title 13, California Code of Regulations (CCR) Section 2280 et seq.</p> <p>* “CARB Drayage Truck Rule” is the regulation published by ARB for In-Use On-Road Diesel-Fueled Heavy-Duty Drayage Trucks at Ports and Intermodal Rail Yard Facilities in California Code of Regulations (CCR) Section 2027.</p> <p>+ “CARB Truck and Bus Rule” is the regulation published by ARB entitled “Regulation to Reduce Emissions of Diesel Particulate Matter, Oxides of Nitrogen and Other Criteria Pollutants from In-Use Heavy-Duty Diesel-Fueled Vehicles” in California Code of Regulations (CCR) Section 2025.</p> <p>“CARB Authorized Extension Truck” means a Drayage Truck authorized by ARB for a one-time one-year compliance deadline extension of Phase 1 of the CARB Drayage Truck Rule, subject to ARB’s terms and conditions for such extension, including: (1) the engine is a California or federally certified 1994-2003 model year engine; (2) the truck was registered in the State DTR, and (3) no ARB-verified Level 3 VDECS was available for that combination of truck and engine.</p> <p>+ “Class 7 Drayage Truck” means a Drayage Truck with a Gross Vehicle Weight Rating greater than 26,000 pounds but not more than 33,000 pounds.</p> <p>“Compliance Label” is a tag issued by ARB under the Drayage Truck Registry for Drayage Trucks operated at the ports and intermodal rail yards that meet ARB requirements and compliance schedules.</p> <p>“Concession” means a written agreement between the Port of Los Angeles and a Licensed Motor Carrier to allow Drayage Truck access to a Port of Los Angeles Terminal for drayage services under terms and conditions set forth therein.</p>	<p>[C]+ 2000</p>

SECTION TWENTY CLEAN AIR ACTION PLAN – GENERAL RULES AND REGULATIONS - Continued		Item No.
<p align="center">DEFINITIONS HEAVY-DUTY DRAYAGE TRUCKS –Continued</p> <p>“Dedicated Use Vehicles” are uni-body On-Road Vehicles that do not have separate tractors and trailers, including but not limited to dedicated auto transports, dedicated fuel delivery vehicles, concrete mixers, mobile cranes and construction equipment.</p> <p>“Diesel Fuel” means any fuel that is commonly or commercially known, sold, or represented by the supplier as diesel fuel, including any mixture of primarily liquid hydrocarbons – organic compounds consisting exclusively of the elements carbon and hydrogen – that is sold or represented by the supplier as suitable for use in an internal combustion, compression – ignition engine.</p> <p>“Diesel-Fueled” means a compression-ignition engine fueled by Diesel Fuel, CARB Diesel Fuel, or jet fuel, in whole or part, including liquid natural gas engines using diesel-fuel for pilot ignition.</p> <p>“Diesel Particulate Matter” or “DPM” means the particles emitted in the exhaust of Diesel- Fueled compression - ignition engines.</p> <p>* “Drayage Truck” means any in-use On-Road Vehicle with a Gross Vehicle Weight Rating greater than 26,000 pounds that pulls a trailer or chassis used for transporting cargo (such as containerized, bulk, or break-bulk goods), operating on or transgressing through Port Property for the purpose of loading, unloading or transporting cargo, empty containers or chassis that originated from or is destined for Port Property. Drayage Truck does not include Dedicated Use Vehicles, Authorized Emergency Vehicles, Military Tactical Support Vehicles, Yard Trucks or (A) vehicles transporting cargoes that originated from Port Property but have been off-loaded from the equipment (e.g., a trailer, chassis or container) that transported the cargo from Port Property; or (B) vehicles transporting cargoes destined for Port Property that are to be subsequently transferred into or onto different equipment (e.g., a trailer, chassis or container) before being delivered to Port Property.</p> <p>+ “Drayage Truck Owner” means the person registered as the owner of a Drayage Truck a shown by the Department of Motor Vehicles, or its equivalent in another state, province, country, or the International Registration Plan, or the lessee of a Drayage Truck indicated on the truck’s registration pursuant to California Vehicle Code Section 4453.5.</p> <p>+ “Drayage Truck Operator” means the driver of the vehicle or any person, party, or entity that controls the operation of a Drayage Truck.</p> <p>“Early Replacement Drayage Trucks” means 2007 Drayage Trucks which are replacing older Drayage Trucks and are (i) funded by Program Funds under grant applications which are approved by the Ports of Los Angeles or Long Beach prior to October 1, 2008, or (ii) privately funded without Program Funds under committed sales orders issued prior to October 1, 2008.</p> <p>“Grant Vanguard Trucks” are 2007 Drayage Trucks which are replacing older Drayage Trucks and are leased pursuant to the Program Agreement for the Port of Long Beach dated October 8, 2008 (Harbor Department Document Number HD-7377).</p>		[C]+ 2000 (Cont.)

SECTION TWENTY
CLEAN AIR ACTION PLAN – GENERAL RULES AND REGULATIONS - Continued

Item No.

CLEAN TRUCK FEE

- 1. Beginning February 18, 2009, at 8:00 a.m., the following Clean Truck Fees shall be assessed:
 - a. \$35.00 on containers with an outside length of 20 feet or less;
 - b. \$70.00 on containers with an outside length of more than 20 feet.

The Clean Truck Fee shall be assessed once, on containerized merchandise at the first point of entry to or departure from the Port of Los Angeles by Drayage Truck, with the exception of merchandise qualifying for the fee exemptions set forth in this Item 2030, paragraph 2. The Clean Truck Fee shall be paid by the cargo owner, notwithstanding anything to the contrary in Items 265 (c) or 265 (i) of this Tariff.

[C]+
2030

- 2. The Clean Truck Fee shall not be assessed on containerized merchandise that:
 - a. enters or leaves the Ports by Rail;
 - b. moves between two Terminals within the Ports;
 - c. enters or leaves the Ports by Alternative Drayage Truck, Legacy LNG Truck or Grant Vanguard Truck;
 - d. enters or leaves the Port of Los Angeles by 2007 Drayage Truck registered in the Port DTR as purchased or acquired without Program Funds;
 - e. enters or leaves the Port of Los Angeles by 2007 Drayage Truck registered in the Port DTR as purchased or acquired solely with Proposition 1B Funds; or
 - f. is shipped under contract to the United States Transportation Command, United States Military or Department of Defense.

+ 3. Licensed Motor Carriers, Drayage Truck Owners and Drayage Truck Operators that operate a Drayage Truck that received Clean Truck Fee exemption under this Item 2030 shall not transfer, switch or cause cargo from a fee-exempt Drayage Truck to be moved to a Drayage Truck that is non-exempt from the Clean Truck Fee while on Port Property or on public streets immediately adjacent to Port Property. In the event that containerized merchandise (i) is not assessed a Clean Truck Fee at the Port Terminal because it is moved by a fee-exempt Drayage Truck (such as a 2007 Drayage Truck, Alternative Drayage Truck, Legacy LNG Truck or Grant Vanguard Truck), and (ii) such containerized merchandise is subsequently transferred to a Drayage Truck that is non-exempt from the Clean Truck Fee on Port Property or on public streets within or immediately adjacent to Port Property, then the cargo owner shall be notified and the Clean Truck Fee shall be assessed.

SECTION TWENTY CLEAN AIR ACTION PLAN – GENERAL RULES AND REGULATIONS - Continued		Item No.
<p align="center">CLEAN TRUCK FUND</p> <p>The first Terminal Operator to handle any containerized merchandise subject to the Clean Truck Fee shall collect and remit the Clean Truck Fee to the Port of Los Angeles, and the monies shall be used by the Board of Harbor Commissioners exclusively for programs for the replacement, repower and retrofit of Drayage Trucks and the rapid transition to 2007 Drayage Trucks serving the Ports of Los Angeles and Long Beach.</p>		2035
<p align="center">*CONCESSIONS AND TEMPORARY ACCESS PERMITS</p> <p>* 1. Beginning October 1, 2008, at 8:00 a.m., no Terminal Operator shall permit access into any Terminal in the Port of Los Angeles to any Drayage Truck unless such Drayage Truck is registered under a Concession or a Temporary Access Permit from the Port of Los Angeles in the Drayage Truck Registry.</p> <p>* 2. The terms and conditions for the Concession are set forth in the Port of Los Angeles Concession Agreement between the Port of Los Angeles and the Licensed Motor Carrier. Copies of the Port of Los Angeles Concession Agreement, Concession Application and Temporary Access Permit Terms and Conditions are posted on the www.portoflosangeles.org website. Licensed Motor Carriers seeking to apply for a Concession or Temporary Access Permit may also obtain information and an application for Concession or Temporary Access Permit from the Port of Los Angeles, Attention: Concession Administrator, 425 South Palos Verdes Street, San Pedro, CA 90731. The Concession Fee shall be \$2,500 and the annual fee shall be \$100 per Drayage Truck operating under the Concession (collectively the "Concession Fees"). The Temporary Access Permit Fee shall be \$30 per Temporary Access Permit trip, plus the cost of the RFID or other required alternative identification. Concession Fees and Temporary Access Permit Fees shall be paid by the Licensed Motor Carrier applying for or holding the Concession or Temporary Access Permit.</p>		[C]+ 2040
<p align="center">*TARIFF AND ARB DRAYAGE TRUCK RULE COMPLIANCE</p> <p>+ 1. While on any Port Property or public streets in or immediately adjacent to Port Property, Licensed Motor Carriers, Drayage Truck Owners and Drayage Truck Operators shall (i) operate only Drayage Trucks that comply with Terminal access requirements of Items 2010, 2015 and 2020 and (ii) shall not transfer, switch or cause cargo originating from or destined for Port Property to be moved to Drayage Trucks that do not comply with Terminal access requirements of Items 2010, 2015 and 2020.</p> <p>* 2. Terminal Operators, Licensed Motor Carriers, Drayage Trucks, Drayage Truck Owners and Drayage Truck Operators shall comply with the requirements of the CARB Drayage Truck Rule, including without limitation, registry, dispatch, and operation of compliant Drayage Trucks and timely reporting of information to ARB or to the Port of Los Angeles as the reporting port authority in accordance with Schedule A of Section 2027(d)(6) of the CARB Drayage Truck Rule.</p> <p>* 3. Drayage Trucks seeking entry upon Port Property after December 31, 2009 shall comply with the requirements of the CARB Drayage Truck Rule and the CARB Truck and Bus Rule in accordance with the transition schedule required by CARB, including without limitation, registration in the State DTR and compliance with Drayage Truck emissions requirements. See http://www.arb.ca.gov/msprog/onroad/porttruck/porttruck.htm for a copy of the CARB Drayage Truck Rule and the transition to the CARB Truck and Bus Rule.</p>		[C]+ 2041
